MARLBOROUGH 600 CURVED FLOOR MOUNTED UNIT

INSTALLATION & AFTERCARE INSTRUCTIONS

LAURA ASHLEY
HOME

INSTALLATION PROCEDURE

This unit has been carefully designed to work with other Laura Ashley products from this range. To prevent water ingress a silicone sealant should be applied between the top of the furniture and the worktop (sold separately), but it is strongly recommended that you test the position of your worktop, basin and tap before applying the sealant (please refer to individual product instructions for installation information).

The worktop should be positioned so that the back face is flush with the back of the unit and there is equal overhang at the front and each side.

A number of adjustments can then be made to adjust the position of the doors to ensure smooth operation:

DOOR ADJUSTMENT

Up / Down adjustment:

Loosen screws (A) to adjust the vertical position of door. Re-tighten once desired position is achieved

Forward / Backward Adjustment:

Loosen screw (B) and adjust the door position forwards or backwards in the carcass. Retighten screw (B) once the door is in the desired position.

Left / Right Adjustment : Loosen or tighten screw (C) to adjust the door position left or right.

AFTERCARE INSTRUCTIONS

Whilst the item has a high quality durable finish, it should nevertheless be treated with care. Surfaces should be cleaned only using a soft damp cloth and clean water and dried using a soft cotton cloth. Bath cleaning products, even non scratch ones could damage the finished surface.

10 YEAR GUARANTEE

We have complete confidence in this Laura Ashley product and as such it is offered with a 10-year guarantee against defects in manufacture. The guarantee requires that this product be used in the manner for which it was intended and that it is installed and maintained in accordance with the fitting instructions and local water bylaws. The guarantee covers products in domestic use only. In the unlikely event that this product should fail during the guarantee period we will either replace the faulty part or the complete unit as appropriate.
