LUCCA BATH SHOWER MIXER

INSTALLATION & AFTERCARE INSTRUCTIONS

LAURA ASHLEY
HOME

INSTALLATION PROCEDURE

- 1) Prior to installation flush out the pipe work to remove debris and then ensure the water supply is turned off.
 - 2) Refer to diagram and ensure all components are present.
 - 3) Fit the bath filler to the bath ensuring the rubber washer and fixing nut are on the underside of the bath.
 - 4) Connect to the water supply ideally applying PTFE tape to the threads to form a watertight seal. The hot water supply should always be connected to the left hand leg.
 - 5) Attach the end of the shower hose with the large nut shaped fitting to the mixer body. The other end should be attached to the handset.
 - 6) Establish the desired position for the handset wall-mounting bracket. Check that the bracket is oriented correctly & that the handset will reach by placing the handset temporarily in position.
- Caution:** Before drilling, check for hidden power cables and pipes. Take care using power tools, especially near water. The use of a residual current device (RCD) is recommended.
- 7) The bracket can now be installed using the fitting kit provided. Adjust the angle of the handset holder by loosening the screw in the side of the bracket, move to desired angle then re-tighten screw.
 - 8) The handset can now be stored in the handset bracket.
 - 9) Fully open both valves and allow to run for approximately 1 minute to fully flush the system.

AFTERCARE INSTRUCTIONS

Whilst the item has a high quality durable finish, it should nevertheless be treated with care. Surfaces should be cleaned only using a soft damp cloth and clean water and dried using a soft cotton cloth. Bath cleaning products, even non scratch ones could damage the finished surface.

10 YEAR GUARANTEE

We have complete confidence in this Laura Ashley product and as such it is offered with a 10-year guarantee against defects in manufacture. The guarantee requires that this product be used in the manner for which it was intended and that it is installed and maintained in accordance with the fitting instructions and local water bylaws. The guarantee covers products in domestic use only. The guarantee is invalidated should the valve be damaged by water borne debris. Make sure that supply pipes are clear of any debris prior to installation, this is particularly important on new plumbing installations. In the unlikely event that this product should fail during the guarantee period we will either replace the faulty part or the complete unit as appropriate.

HANDSET WALL BRACKET
