MARLBOROUGH

Quality and Craftsmanship

A classic collection with shaker styling, our Marlborough range incorporates units with five piece doors which are finished with adjustable soft close hinges.

Range

The complete Marlborough range is available in three hand painted finishes, cotton white, cobblestone and charcoal. The luxurious curved 600mm and 1200mm units are topped with a honed marble worktop. The 1000mm unit has the additional option of a honed granite worktop.

Handles/Knobs

All units are fitted with chrome knobs and handles as standard, however white porcelain knobs are available to purchase separately should you wish to give your 600mm or curved Marlborough units a different look.

Secondary Storage and Illuminated Mirror

A coordinating tallboy features an adjustable shelf in the cupboard and a soft close reversible door for left or right hand opening. The above-basin cabinet incorporates a single sided mirrored door, which is reversible, and two adjustable glass shelves. The illuminated mirror has an infrared sensor for touch-free activation and a heated demister pad. Alternatively, choose the traditional mirror and add wall lights to give a more opulent style.
