

TLE3400

The TLE3400 is ISEKI's premium economy tractor. The 38hp tractor has a three speed hydrostatic transmission and a lift capacity of 1000kg. It is supplied with agricultural tyres or turf tyres as standard. An optional front loader is available.

Ideally suited to tasks maintaining sports turf, equestrian facilities or for areas where there is a tight budget but horse power cannot be comprised. Compact in size and highly manoeuvrable with simple controls.
