Zip it *cable spine*

Cable segregation for power and data
Breathable fabric

Weighted foot

This unique aesthetic design with an innovative use of fabric is to deal with an everyday problem with a simple and flexible solution that is compatible with many desking systems.

Zip it is a versatile cable management system which is adaptable, lightweight, easy to install and can readily be reconfigured as and when needed. The zip and segregation channels allow all cabling, typically including separate power and data cables, to be concealed yet segregated, whilst the fabric ensures the cables are not restricted. All have a diameter of 55mm.

Code	Colour	Description
650516	Black	690mm
650517	White	690mm
650473	Silver	690mm
650493	Black	790mm
650496	White	790mm
650475	Silver	790mm
