

## Vital Plus: enhanced bench system 50 series

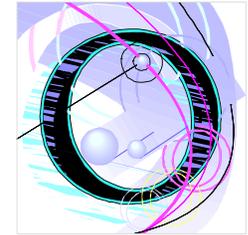

VITAL PLUS has been developed to satisfy nowadays exigencies in working spaces such as: sobriety, balance and wide range of finishes. A programme with a great personality that combines functionality (including the new sliding top) and an excellent aesthetics with the 50/60mm angular frame.

An intelligent desk programme available in two kinds of frames: LOOP frame and square end frame to allow fixing accessories in a different way; cable spines, electrification channels, Split screens and desk-mounted screens, CPU holders, fixed pedestals or modesty panels only for individual desks. These accessories can be installed in the desk beams.

## SLIDING TOPS TO GET AN EASY ACCESS TO THE ELECTRIFICATION CHANNEL

Frame has a quick device to get a perfect and quick top assembling. Easy to access, organize and store cables in the cable channel.

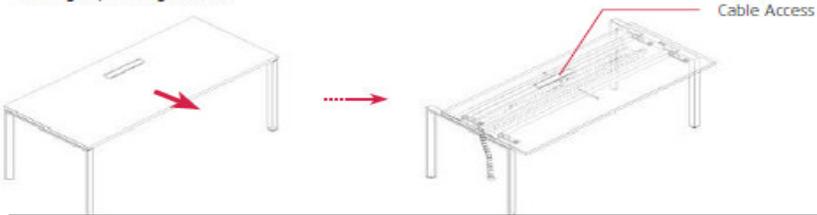

## SLIDING TOPS AND ACCESS TO ELECTRIFICATION CHANNEL

### • Sliding top in double desks

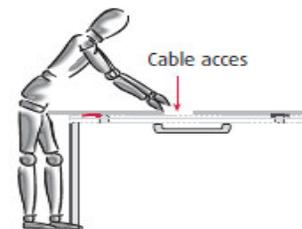

### • Sliding top in single desks

### Easy access to the electrification channel

Vital Plus sliding movements towards the user in both double and single desks for an easy access to the electrification channel.

In twin desks, the top movement will be towards the opposite way. In the single desks, it is better to order "Y" tops

### • Open and close security system

Vital Plus has a security system under the top to activate the movement. Likewise, system can be blocked to manipulate the cables without any risk of top movement by accident.

## BEAMS AND RECESSED LEGS

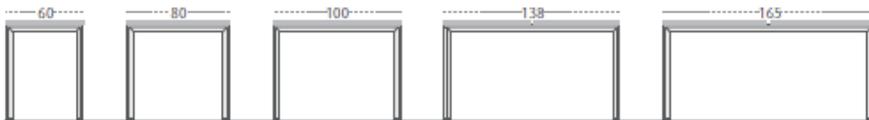

Better functionality with recessed beams:

- Totally accessible to the desk edge with any task chair with arms.
  - Avoid any knock by accident
- Recessed legs in progressive and desks provide better mobility and dynamism in the work place.
