R2

At R2 we like to think we know a thing or two about bathrooms - we've been designing them for over 35 years.

We're a family owned bathroom business based appropriately enough in Bath. We have an in-house team of experienced product designers and an excellent reputation for customer service.

We know value is important to you but that shouldn't be at the expense of good design. That's why our furniture features fully coordinated pieces, made from quality materials, with soft close doors and drawers. Our taps are of the highest quality brass and are beautifully chrome plated. Our LED and backlit mirrors are IP44 rated for safe bathroom use.

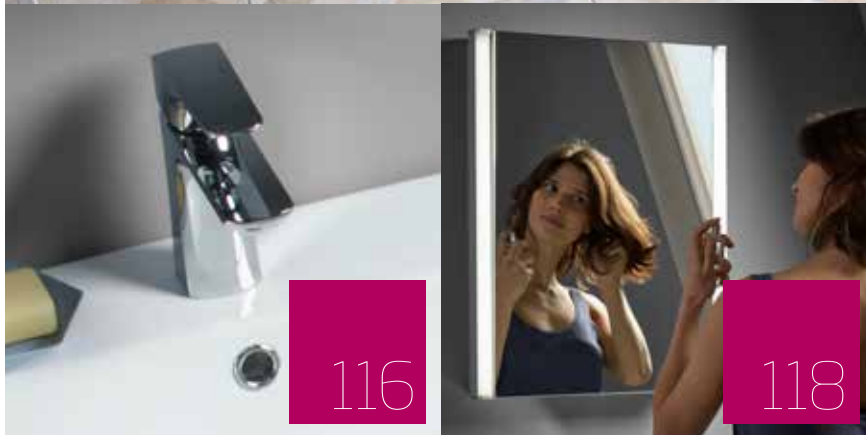

So whether you're looking for a contemporary wall mounted bathroom or a fully integrated solution, look no further than R2.

## contour features

### Soft close

The doors on the basin units and wall column feature soft close hinges for a luxuriously quiet and controlled movement.

### Contemporary basin

Contour's basin is made from top quality ceramic. A simple rectangular shape with curved edges and generous wash area, the basin is available in 500mm, 600mm and 700mm widths to correspond with your choice of base unit and finished with a single tap hole and integrated overflow.

### Coordinating storage, cloakroom unit and WC unit

Additional storage is available with the 350mm wall column, which combines 2 storage areas and a single shelf. Doors are hinged from the left hand side as shown. The cloakroom unit door is reversible to suit your room layout. Opt for a fully integrated look by using one of our matching back to wall WC units.

# contour

Contour's flat fronted doors are framed by curve edged sides. Offering either wall mounted or freestanding wash units with coordinating storage columns, contour comes in a choice of sizes and in anthracite, gloss white and stone grey finish.

## figure features

### Statement piece

The figure wall mounted unit makes a statement for the modern bathroom with its beautifully proportioned 700mm sized unit, finished with a slender chrome handle. The deep spacious drawer features soft close runners for a seriously quiet and controlled movement. Figure is available in gloss white as well as two contemporary cross-cut style textured wood effect finishes.

### Solid surface worktop

The figure unit is topped with a smooth, solid surface worktop which offers plenty of practical worktop space for those essential must have items. It is supplied undrilled so you can choose either left or right handed position for the tap.

### Vessel basin

Figure's 480mm wide softly oval shaped ceramic vessel basin has a generous wash space. Complete the look with the joy tall basin mixer.

# figure

If you yearn for contemporary, clean lines then it won't take you long to figure it out. This wall mounted range offers the most up to the minute look for the bathroom, with a spacious drawer, smooth solid surface worktop and a ceramic vessel basin to complete the look. ## soul features

### Basin unit

The soul freestanding basin unit is both versatile and timeless, with double doors which open fully to reveal an internal shelf and plenty of easy access storage, perfect for all your bathroom products. The 600mm wide unit is available in gloss white or light grey finish and features soft close hinges for a quiet, controlled movement.

### Polished chrome finish handles

The basin unit doors are topped with highly polished handles. The curved handle design complements the basin unit shape and lends a contemporary twist.

### D-shaped isocast basin

Soul's luxuriously deep D-shaped basin offers generous wash space and characterises the range with its soft rounded edges, making it ideally suited for use in family bathrooms. The glossy finish of our isocast basins is both highly durable and easy to clean.

# soul

With its curvaceous shape and timeless design, this freestanding range offers a softer contemporary style. Soul is available in high gloss white and light grey for a colour palette which is on trend and calming, perfect for the modern bathroom.

## revolve features

### Soft close

Drawers feature soft close runners for a seriously quiet and controlled movement.

### Contemporary basin

Revolve's basin is made from top quality ceramic. Pleasingly flared, the basin is available in 600mm and 800mm widths to correspond with your choice of base unit and finished with a single tap hole and integrated overflow.

### Coordinating storage and WC unit

Additional storage is available with the 350mm wall column, which combines 2 storage areas and a single shelf. Doors are hinged from the left hand side as shown. A coordinating WC unit is also available.

# revolve

With its well-proportioned curved drawers and flared basin, revolve is already on its way to cult bathroom status. The nutmeg version has a gloriously matte finish – just perfect for the contemporary home.

## drive features

### Basin units

At only 400mm wide the drive freestanding or wall mounted basin units are perfect for cloakrooms. Doors feature soft close hinges for a luxuriously quiet, controlled movement and are hinged from the left hand side.

### Contemporary basin

The drive basin is made from isocast, a tough, resilient gel-coated resin which is extremely durable and easy to clean. The simple slab shape suits the units perfectly, and incorporates a single tap hole offset to the right hand side.

### Coordinating storage and WC unit

Additional storage is offered with a 400mm mirrored wall cabinet, available in coordinating finishes. Go for a fully integrated look by using one of our matching back to wall WC units.

At R2 we take the challenge of Britain's small bathrooms very seriously. That's why we've developed drive, a cloakroom friendly range of wall mounted and freestanding units in two up-to-the-minute finishes.

# How to order your fitted furniture

R2 fitted furniture will create a unified look in your bathroom as well as maximise the available space to give you lots of storage. Fresh contemporary finishes and a choice of worktop and basin options offer the flexibility to create the perfect solution to suit your style. It's very straightforward to design and plan your new bathroom – simply follow our step by step guide and use the following few pages for inspiration.

- 4** Sanitaryware options  
Choose your R2 sanitaryware. See pages 90-115 for options

- 5** Plinths & panels  
Select the plinths to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

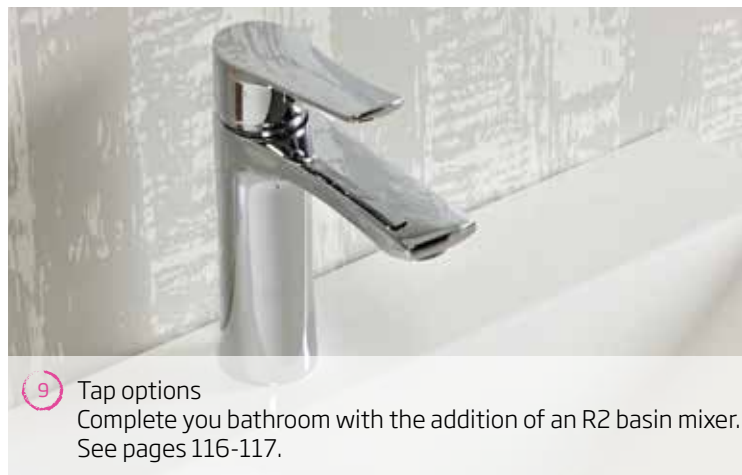

- 6** Mirrors & cabinets  
Choose your preferred mirror or cabinet, see pages 118-123. Also add any useful wall cabinets.

- 7** Lighting option  
Select a stylish lighting option. See pages 74-75.

- 8** Bath panels  
Select a coordinating bath panel

- 9** Tap options  
Complete your bathroom with the addition of an R2 basin mixer. See pages 116-117.

## muse features

### Unit sizes

With colour matched interior carcasses, choose between standard or slim depth and either 500, 600 or 700mm basin units depending on the size of your room. Then, why not opt for coordinating wall and floor cupboards. Our back to wall WC units also come in two widths, 500mm and 600mm.

### Soft close

Doors feature soft close hinges for a luxuriously quiet and controlled movement.

You can top your units in one of two ways. Either use a typical worktop and semi-countertop basin combination or opt for one of our isocast basins with integrated worktop.

### Worktops and semi-countertop basins

To complement your bathroom style, take your pick from our excellent range of laminate or solid surface worktops on page 73. Then pair this with your choice of semi-countertop basin. See our full range of sanitaryware, including coordinating back to wall WCs, on pages 90-115.

### Isocast basin option

Why not create a seamlessly contemporary look by choosing one of our sleek isocast basins with integrated worktop. See pages 68-71 for more information.

A choice of four handles will add the finishing touch to your muse furniture.

## strata solid surface worktops

Strata worktops are an ideal solution for those wishing for the aspirational look and feel of solid surface worktops, but at more accessible price points. Made from a solid 25mm sheet, the natural stone-like beauty of strata solid surface tops combined with a square edged profile makes them a perfect choice for your bathroom.

Being solid, strata can be cut to whatever size or shape your bathroom demands using standard woodworking tools, with no need to bond on finishing strips. Simply cut to the desired profile and sand down the end to a fine finish.

## lamine worktops

High quality and very durable, the R2 range of laminate worktops has been specifically chosen to complement muse & liberty furniture units.

## clad on panels

Clad on panels are available to allow you to create a framed look with liberty or muse furniture. Alternatively cut to fit small voids and run a worktop over for a seamless wall to wall look.

# worktops and handles

Our strata solid surface and laminate worktops are designed to be used with our semi-countertop basins. Make your choice from our sanitaryware ranges on pages 102, 108 & 113

## strata solid surface worktops

## LED overhead light fitting

This elegant 3W Sweep Chrome LED fitting can be used over the top of cabinets or mirrors to create superb lighting effects. Also available is the 6W 300mm Chrome LED light, both are IP44 rated and come supplied with drivers.

## LED downlighting

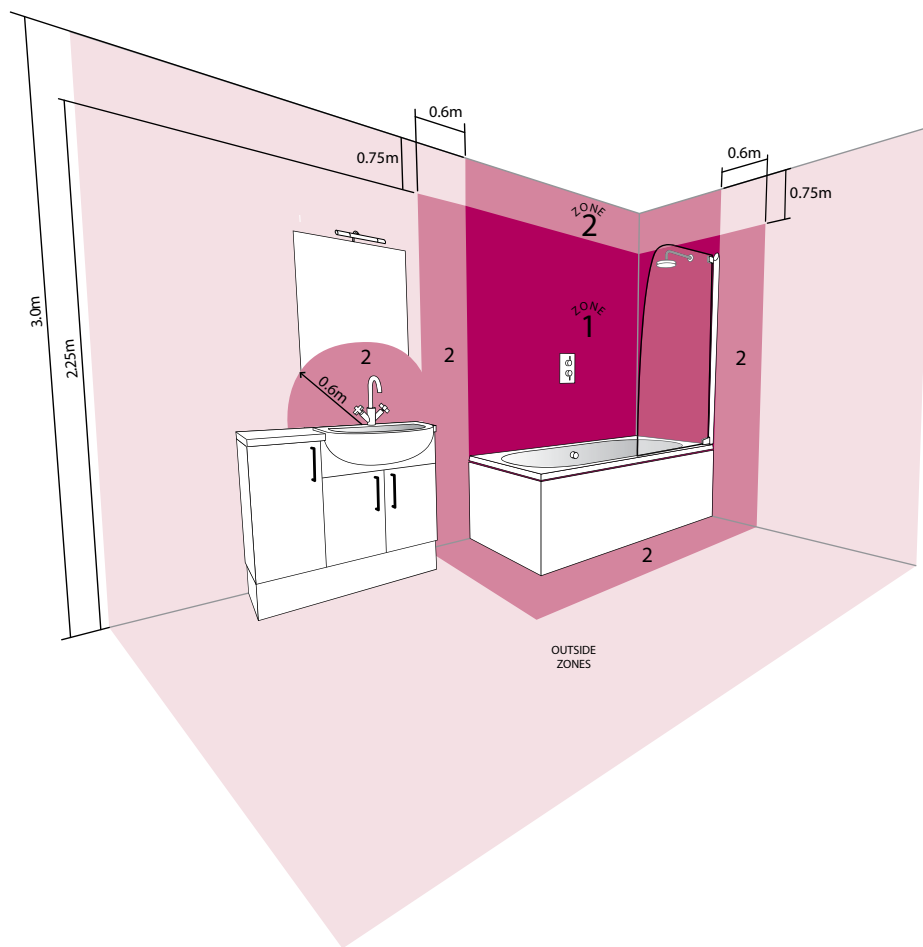

This LED downlight kit includes 4 x 2.8W downlights and an LED driver. They are surface mounted which means they do not need to be recessed and can be mounted on the underside of cabinets, flyovers, and underneath wall mounted units providing a practical lighting solution.

# lighting

Lighting your bathroom couldn't be simpler with a choice of light fittings to enable you to create different effects. When planning your bathroom remember to make allowance for any electrical work which may have to be carried out before any of your furniture is fitted. Always use a qualified electrician.

**ZONE 1**

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash-proof).

**ZONE 2**

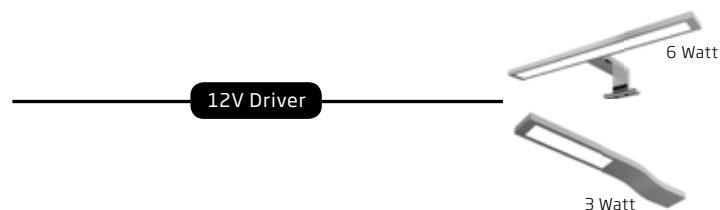

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

**OUTSIDE ZONES**

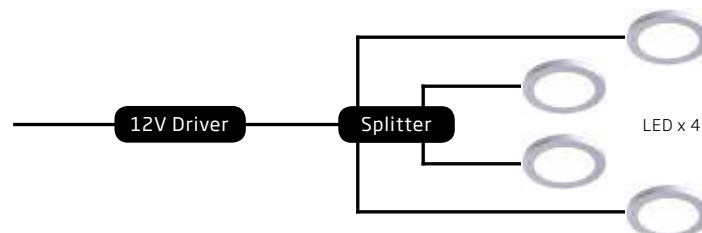

Electrical fittings in this zone require a minimum rating of IP20.

## radar features

### Basin & pedestal

The contemporary thin edged ceramic basin and pedestal offers generous wash space and has a single tap hole and overflow.

### Rimless WC options

Choose from a great looking fully enclosed back to wall design which gives a sleek appearance making it as nice to look at as it is easy to clean, or opt for the back to wall WC pan, should you wish to conceal the cistern. The Easi-Clean rimless design makes it exceptionally hygienic and easy to clean internally as well.

### Quick release, soft close WC seat

The slim thermoset toilet seat benefits from soft close hinges and gives a discreet contemporary finish to the WC. It has a lift off quick release feature for easy cleaning.

# radar

If you are seeking a designer look for the bathroom, then this range should definitely be on your radar with its clean lines, and sleek features, it delivers on both these design cues and more.

sketch sanitaryware

The organic curves of the Sketch back to wall pan offers a softer look for the bathroom. It's space-saving 480mm projection works well with any R2 back to wall furniture and concealed cistern. In addition to the soft close feature, the wrap around toilet seat benefits from a quick release mechanism, with a simple push and lift to remove action, for easy cleaning.

debut sanitaryware

## debut features

### Versatile

Choose from a wide choice of great looking WC pan options to complement your Debut basin and pedestal or furniture. In addition to the standard close coupled pan and back to wall pan, we have introduced a fully enclosed close coupled WC pan for a sleek and contemporary look.

### Comfort height WC

The comfort height WC pan and cistern or back to wall comfort height WC pan sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

### Soft close WC seat

The soft close WC seat incorporates top fix quick release hinges allowing for quick and easy installation.

# debut

Strong lines and bold styling characterise our debut sanitaryware. This smart range combines the great looks and practicality which have become an integral part of R2.

nashville sanitaryware

## nashville features

### Ideal for use with bathroom furniture

The nashville semi-countertop basin and back to wall WC are ideal for use with our muse and liberty bathroom furniture.

### WC options

The nashville range has a host of WC options, including a standard pan and cistern and a back to wall pan which is ideal for use with our WC furniture units. Additionally, a comfort height pan, several centimetres taller than a standard pan, helps reduce the burden on those tired legs. The nashville cistern comes with a water saving 4/2.6L dual flush so you can save water too.

### Soft close WC seat

Soft close hinges on nashville's WC seat ensure controlled and quiet closure of the seat lid and ring.

# nashville

The easy elegance of nashville is at home in any bathroom. This range includes semi-countertop and back to wall options ideal for use with our muse and liberty furniture, as well as the option of a comfort height WC.

## Mirrors

Don't let inferior mirrors cloud your judgement. All of our mirrors, bar the entry level Apollo and Atom, have heated demister pads to make misty mirrors a thing of the past no matter how steamy things get.

Our Seek and Embrace LED mirrors are turned on and off using a no touch infrared switch. LED lighting not only looks stunning but provides a bright, practical task light with energy saving benefits.

All our illuminated mirrors are IP44 rated for your peace of mind. See page 128 for further details.

email: [info@r2bathrooms.co.uk](mailto:info@r2bathrooms.co.uk)  
web: [www.r2bathrooms.co.uk](http://www.r2bathrooms.co.uk)

lines open:  
monday to thursday 9:00am - 5:30pm  
friday 9:00am - 5:00pm

Our in-house customer service team comprises of a number of highly experienced staff. You can be sure you will be speaking to people with a wealth of knowledge on our products.

## quality & service

As one of the UK's largest suppliers of bathroom products, we set very high standards in design, manufacture and service. We also invest heavily in product improvement and innovation to ensure complete customer satisfaction.

Attention is drawn to the policy of replacing any damaged parts with a spare part where possible. Complete exchanges will only be made if damage is extensive.

We reserve the right to amend specifications at any time if an opportunity to further improve the product occurs. All dimensions quoted are to reasonable tolerances.

R2 furniture is designed for use within domestic installations which are adequately ventilated. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basins and worktop joint and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

Guarantees are for domestic use only and are not transferable.

## pricing

All prices quoted are inclusive of Value Added Tax at 20% but will be charged at the rate applicable on the date of despatch. We cannot be held responsible for any errors or omissions to products or prices.
