R2

At R2 we like to think we know a thing or two about bathrooms - we've been designing them for over 40 years.

We're a family owned bathroom business based appropriately enough in Bath. We have an in-house team of experienced product designers and an excellent reputation for customer service.

We know value is important to you but that shouldn't be at the expense of good design. That's why our furniture features fully coordinated pieces, made from quality materials, with soft close doors and drawers. Our taps are of the highest quality brass and are beautifully chrome plated. Our LED and backlit mirrors are IP44 rated for safe bathroom use.

So whether you're looking for a contemporary wall mounted bathroom or a fully integrated solution, look no further than R2.

All prices inclusive of VAT at 20%

Framed Mirror  
£103.00

500mm Basin Unit  
£570.50

Light grey finish shown

# platform furniture

Stylish and versatile, Platform has wide appeal. Available in freestanding and wall mounted options, and in 500mm and 700mm widths, your choice of handle and optional in-drawer storage packs make Platform both elegant and practical.

## platform finishes

gloss white

light grey

midnight  
grey

willow

## platform furniture

### platform features

#### Basin units

A versatile collection of bathroom furniture in two sizes and two styles, with soft close drawers and doors. Practicality is at the heart of this design, with plenty of accessible storage space. A great example of modernist simplicity.

#### Finishes

The simple lines of the Platform unit are complemented by a palette of on-trend painted finishes. Keep things light with gloss white or light grey, go for the sophisticated subtle green hues of willow, or add a dramatic note with rich midnight grey.

#### Basins

Platform's ceramic basin echoes the uncomplicated design of the units and provides a generous wash space. Finished with a single tap hole and integrated overflow.

#### Handles

Elevate this pared-back basin unit with your choice of two handle styles, both available in matt black or chrome. A recessed option maintains the minimal aesthetic, while the pull handle design is very tactile and easy to use.

#### In-drawer Storage options

Useful additional storage sets, including trays, open boxes and boxes with lids, allow you to make the most of your drawer space. Each element is crafted from solid wood.

Chrome recessed handle shown on midnight grey wash unit

# handle options

With two different handle styles included in the price you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome, or go for a super stylish matt black handle.

# halcyon furniture

Characterised by its classic good looks and shaker styling, Halcyon is the essence of timeless bathroom design.

Available in either 500mm and 600mm widths, or a 400mm cloakroom unit. Choose from a muted palette of natural white, stone grey, or opt for midnight grey for a more dramatic look.

## halcyon finishes

## halcyon furniture

### halcyon features

#### Basin units

Those seeking a classic style for their bathroom need look no further. Halcyon freestanding basin units are the perfect option with a choice of 500mm or 600mm widths, as well as a 400mm cloakroom unit.

#### Finishes

Available in natural white, stone grey or midnight grey, these muted tones complement the elegant shaker design and have timeless appeal.

#### Traditional basin

Halcyon's ceramic basin perfectly complements the classic styling of the units, and all sizes are available with one or two tap holes.

#### Handles

Halcyon is supplied with classic furniture knobs. To customise your look further any of the R2 handles can be purchased separately, for example the Stamford pull handle shown above.

#### Coordinating items

Add the perfect finishing touch with a Halcyon mirror or bathroom cabinet. There is also a matching WC unit available for use with a back to wall WC.

# contour furniture

If flexibility is what you're after then Contour delivers this in spades. Basin units are available in a large variety of designs to suit all bathrooms, in both wall mounted or freestanding options.

The 3 drawer basin unit offers very practical storage, while the slim depth 500mm cloakroom unit is perfect for a small room. Our compact 1000mm Contour unit incorporates a basin and back to wall WC unit in one, topped by an Isocast basin with integrated worktop. All available in a contemporary palette of on-trend painted finishes, with optional handle upgrades.

### contour features

#### Basin units

Contour's flat fronted doors are framed by curve-edged sides and its easy style will fit in anywhere. Offering wall mounted or freestanding wash units, Contour comes in a multitude of sizes and formats to suit any bathroom plan. All units have a choice of chrome or matt black handles.

#### Contemporary basin

Contour's ceramic basin is a simple rectangular shape with curved edges and generous wash area. It is finished with a single tap hole and integrated overflow.

#### Handles

Contour units are supplied with curved chrome handles as standard, however if desired you can upgrade to a super stylish alternative design handle in chrome or matt black.

#### Coordinating storage and WC units

Additional storage is available with the 350mm wall column, which combines 2 storage areas and a single shelf. There is also a coordinating single or double door mirrored cabinet. For a fully integrated look opt for the matching back to wall WC units.

Dark blue finish shown

1000mm Basin & WC unit with handle upgrade  
£686.90

### handle options

Contour basin units are supplied with curved chrome handles as standard (shown above).

If you want to dial up the style you can choose to upgrade your contour basin unit with an alternative elegant handle design in matt black or chrome.

Alternative handles are purchased separately, refer to the table for usage.

Optional handle upgrade

### your choice...

#### handle usage

All Contour units are supplied with standard chrome handle. For a different look upgrade to an alternative chrome or matt black handle design as shown below.

## type furniture

### type features

#### Basin units

The versatility of the type range is paramount, with a choice of 5 styles in 500mm or 600mm widths to suit your needs and bathroom space. Offering either wall mounted or freestanding wash units, including a useful 3 drawer option, there is also a coordinating storage wall column and back to wall WC unit.

#### Finishes

Type is available in 4 finishes. Ever popular white plus 3 on-trend colours, including a dark grey basalt wood finish. There is a coordinating framed mirror to go with the painted finishes.

#### Contemporary basin

The type single tap hole ceramic basin has generous wash space. There is plenty of room at the back for all your toiletries.

#### Handle

The minimalist chrome drawer or door top handles complement the furniture range perfectly, giving type a sleek and understated look.

### plan features

- Basin units**  
The plan freestanding or wall mounted basin units are perfect for the modern bathroom, with a smooth and controlled soft closing action. Both styles are available in 500mm and 600mm widths.
- Contemporary basin**  
The plan ceramic basin is characterised by its gentle curves, matching that of the basin unit, and generous wash area with single tap hole and integrated overflow.
- Handle**  
Plan units feature a smooth blended handle to complement the curved styling of this furniture range.
- Coordinating mirror**  
Why not choose the matching framed mirror to complement your basin unit perfectly.

## revolve furniture

With its well-proportioned curved drawers and flared basin, revolve is already on its way to cult bathroom status. The nutmeg version has a gloriously matt finish, just perfect for the contemporary home.

### revolve finishes

gloss white

nutmeg

## revolve features

### Soft close

Drawers feature soft close runners for a luxuriously quiet and controlled movement.

### Contemporary basin

Revolve's basin is made from top quality ceramic. Pleasingly flared, the basin is available in 600mm and 800mm widths to correspond with your choice of base unit and finished with a single tap hole and integrated overflow.

### Coordinating storage and WC unit

Additional storage is available with the 350mm wall column, which combines 2 storage areas and a single shelf. Doors are hinged from the left hand side as shown. A coordinating WC unit is also available.

## alto furniture

### alto features

#### Basin unit

Slim and sophisticated, our alto cloakroom unit has a clean, modern aesthetic versatile enough to suit the smallest room in any home. As the soft-close door and basin are both reversible, this compact basin unit will easily fit in where it is needed.

#### Finishes

Alto is available in six unique finishes. From a statement dusty pink to an elemental, textured basalt wood, each Alto finish adds richness and depth.

#### Handles

All Alto units are supplied with a sleek, integrated chrome handle as standard. To change the look you can upgrade and choose the stylish matt black handle option.

#### Contemporary basin

A compact yet generous ceramic basin cleverly maximises available hand wash area. Furthermore, being reversible, it can be installed to have the basin mixer to the right or the left to suit.

### drive features

#### Basin units

At only 400mm wide the drive freestanding or wall mounted basin units are perfect for cloakrooms. Doors feature soft close hinges for a luxuriously quiet, controlled movement and are hinged from the left hand side.

#### Contemporary basin

The drive basin is made from Isocast, a tough, resilient gel-coated resin which is extremely durable and easy to clean. The simple slab shape suits the units perfectly, and incorporates a single tap hole offset to the side.

#### Coordinating storage and WC unit

Additional storage is offered with a 400mm mirrored wall cabinet, available in coordinating finishes. Go for a fully integrated look by using one of our matching back to wall WC units.

fitted furniture

# How to order your fitted furniture

R2 fitted furniture will create a unified look in your bathroom as well as maximise the available space to give you lots of storage. Fresh contemporary finishes and a choice of worktop and basin options offer the flexibility to create the perfect solution to suit your style. It's very straightforward to design and plan your new bathroom - simply follow our step by step guide and use the following few pages for inspiration.

muse gloss white   muse stone grey   muse midnight grey   muse dark chestnut   stow natural white   stow stone grey   stow midnight grey

1 Door style & finish  
Choose your door style and finish-either the slab door of muse or the Shaker style of stow's door. Then choose your desired door finish to front your standard depth or space-saving slim depth units.

2 Handle options  
Choose your handle style from the 6 available options.

3 Worktop options  
Select a worktop from either our Strata solid surface or laminate options. Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim depth units.

4 Sanitaryware options  
Choose your R2 sanitaryware. See pages 122-155 for options.

6 Mirrors & cabinets  
Choose your preferred mirror or cabinet, see pages 198-209. Also add any useful wall cabinets.

8 Bath panels  
Select a coordinating bath panel.

5 Plinths & panels  
Select a plinth to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

7 Lighting option  
Select a stylish lighting option. See pages 104-105 and 118.

9 Tap options  
Complete your bathroom with the addition of an R2 basin mixer. See pages 164-173.

# stow fitted furniture

# stow fitted furniture

Bring a touch of classic design to your bathroom with our Stow furniture range. Available in either stone grey natural white or midnight grey, these muted tones complement the elegant shaker design and deliver timeless styling.

### stow features

#### Unit sizes

With colour matched interior carcasses, choose between standard or slim depth and either 500, 600 or 700mm basin units depending on the size of your room. Then, why not opt for coordinating wall and floor cupboards. Our back to wall WC units also come in two widths, 500mm and 600mm

#### Soft close

Doors feature soft close hinges for a luxuriously quiet and controlled movement.

#### Worktops, basins and sanitaryware

To complement your bathroom style, take your pick from our excellent range of laminate or solid surface worktops on page 103. Then pair this with your choice of semi-countertop basin. Our full range of sanitaryware, including coordinating back to wall WCs, can be found on pages 136-171.

Alternatively, why not create a seamlessly contemporary look by choosing one of our sleek Isocast basins with integrated worktop. See pages 112-115 for more information.

#### Handle options

A choice of six handles will add the finishing touch to your stow furniture. Go to pages 117 and 133 for handle options.

# muse fitted furniture

# muse fitted furniture

The muse range, with its slab doors and smooth surfaces, allows you to create a fully integrated wall-to-wall look. Even more so when used with our sleek Isocast basins with integrated worktop.

## muse finishes

- gloss white
- stone grey
- midnight grey
- dark chestnut

With colour matched interior carcasses, choose between standard or slim depth and either 500, 600 or 700mm gloss white, stone grey, midnight grey or dark chestnut basin units depending on the size of your room. Then, why not opt for coordinating wall and floor cupboards. Our back to wall WC units also come in two widths, 500mm and 600mm

### Soft close

Doors feature soft close hinges for a luxuriously quiet and controlled movement.

### Worktops, basins and sanitaryware

To complement your bathroom style, take your pick from our excellent range of laminate or solid surface worktops on page 103. Then pair this with your choice of semi-countertop basin. Our full range of sanitaryware, including coordinating back to wall WCs, can be found on pages 136-171.

Alternatively, why not create a seamlessly contemporary look by choosing one of our sleek Isocast basins with integrated worktop. See pages 112-115 for more information.

### Handle options

A choice of six handles will add the finishing touch to your muse furniture. Go to pages 117 and 133 for handle options.

## isocast basin options

### isocast basin features

For a seamless, sleek look, why not finish your fitted furniture with one of our Isocast basins with integrated worktop.

These contemporary basins are extremely durable and practical, with a tough, easy-clean, glossy finish. They look great with both muse and stow door styles and there are 3 lengths available to work with popular furniture combinations, in standard or slim depth. Of particular note is a very useful 1000mm width, perfect for use with 500mm semi-countertop basin and back to wall WC units to create a compact run for smaller rooms.

## isocast basins

your choice...

For more classic styling opt for a semi-countertop basin and pair with one of our stylish strata or laminate worktops, see page 103 for further details.

## strata solid surface worktops

Strata worktops are an ideal solution for those wishing for the aspirational look and feel of solid surface worktops, at a price to make it reality. Made from a solid 25mm sheet, the natural stone-like beauty of strata solid surface tops combined with a square edged profile makes them a perfect choice for your bathroom.

Being solid, strata can be cut to whatever size or shape your bathroom demands using standard woodworking tools, with no need to bond on finishing strips. Simply cut to the desired profile and sand down the end to a fine finish.

## laminate worktops

High quality and very durable, the R2 range of laminate worktops has been specifically chosen to complement stow & muse furniture units.

## clad on panels

Clad on panels are available to allow you to create a framed look with stow or muse furniture. Alternatively cut to fit small voids and run a worktop over for a seamless wall to wall look.

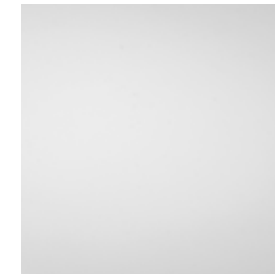

## worktops and handles

Our strata solid surface and laminate worktops are designed to be used with our semi-countertop basins. Make your choice from our sanitaryware ranges from page 122.

## strata solid surface worktops

Available in 1.28m and 1.88m lengths for slim and standard depth stow and muse furniture. See page 117-119 for worktop pricing.

LED overhead lighting

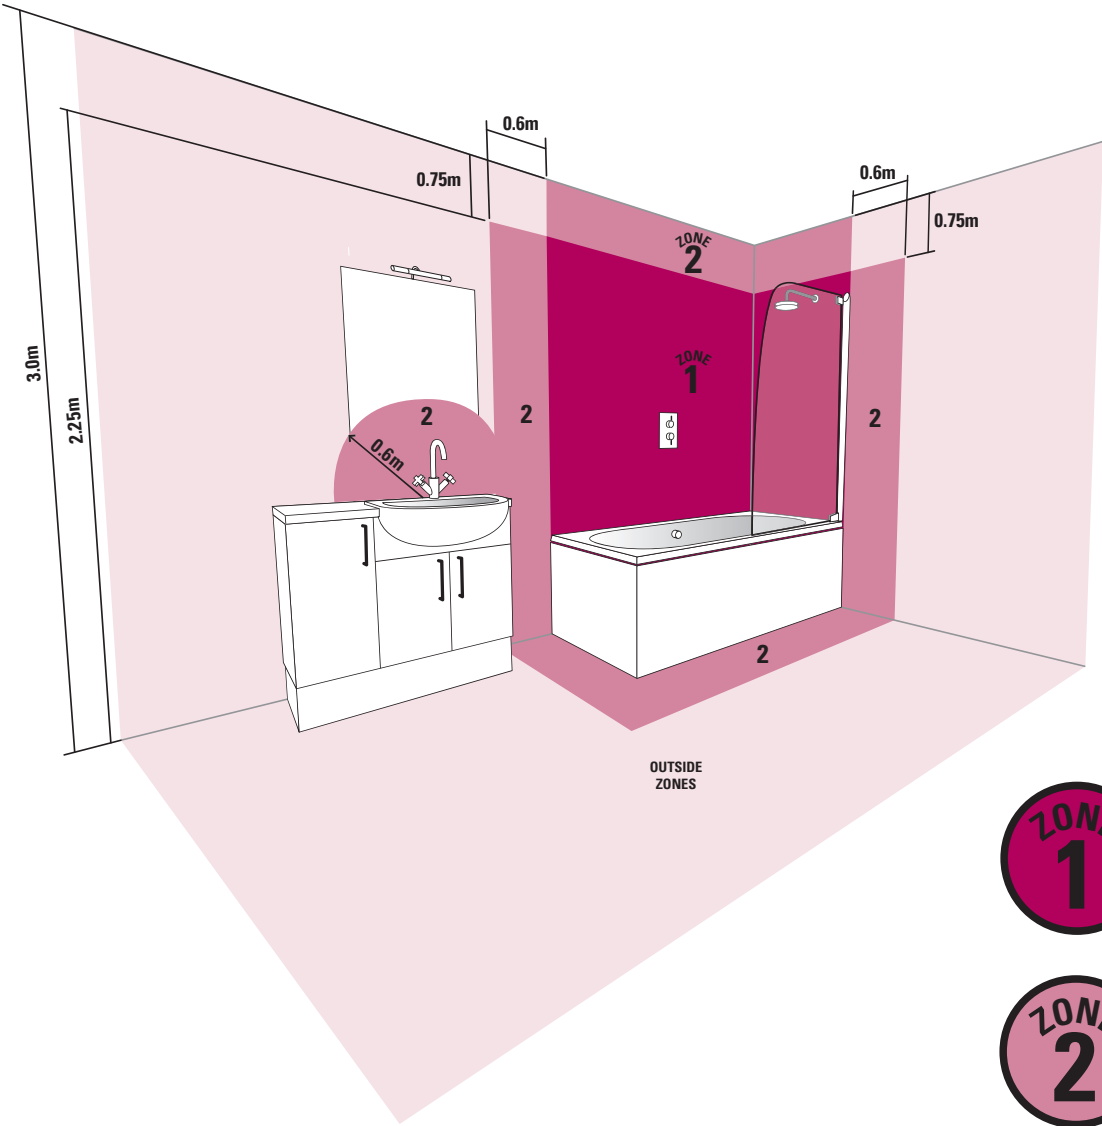

## LED lighting

Chrome LED light fitting

This elegant 300mm Chrome LED light fitting can be used on top of cabinets or unilluminated mirrors. IP44-rated and supplied with driver. (See page 118)

## lighting

When planning your bathroom remember to make allowance for any electrical work which may have to be carried out before any of your furniture is fitted. Always use a qualified electrician.

- ZONE 1**

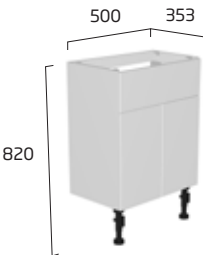

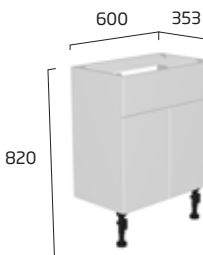

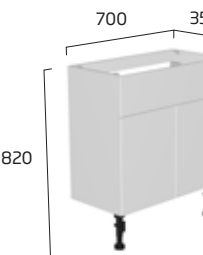

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash-proof).
- ZONE 2**

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).
- OUTSIDE ZONES**

Electrical fittings in this zone require a minimum rating of IP20.

sanitaryware

langford sanitaryware

## langford features

### Basins

Langford semi-countertop basins offer a classic styling choice for your fitted furniture, available with one or two tap holes to suit your preference of basin mixer or pair of taps. Both basins have options to work with standard or slim depth furniture. Furthermore, the basins will fit within 500mm wide furniture units, meaning that you can build a compact furniture run if space is short.

### Short projection, rimless WCs

All Langford WC options have a space-saving, short projection design. The timeless styling will work well with both classic or more contemporary bathrooms, with standard or fully enclosed close coupled WCs available, or a back to wall option for fitted furniture. Easi-Clean rimless technology makes them exceptionally hygienic and easy to clean internally.

### WC seat

The Langford thermoset WC seat has soft close hinges with quick release lift off for ease of cleaning.

Elegantly timeless design means Langford sanitaryware can work equally well with both classic or more contemporary bathroom plans, with options to go with fitted furniture too.

Standard Close Coupled WC  
DC14013 / DC14014

serenity **sanitaryware**

## serenity features

### Basin

This semi-countertop basin offers generous wash space within a contemporary design and features a single tap hole. There is an option to suit both standard and slim depth fitted furniture (shown right)

### Rimless WC options

Choose a great looking standard close coupled pan, or fully enclosed back to wall design which gives a sleek appearance, making it as nice to look at as it is easy to clean. Or opt for the back to wall WC should you wish to conceal the cistern. The Easi-Clean rimless design makes it exceptionally hygienic and easy to clean internally as well.

### Quick release, soft close WC seats

The slim thermoset toilet seat gives a discreet contemporary finish to the WC, or opt for a wrap over style seat as an alternative. Both styles benefit from soft close hinges and quick release lift off for easy cleaning.

# serenity

Inject some calm into your bathroom with this contemporary and stylish sanitaryware range which works beautifully with our fitted furniture. A choice of slim or wrap over style soft close toilet seat completes the look, both feature a lift-off, quick release mechanism for easy cleaning.

## radar features

### Basins

The contemporary thin edged styling offers generous wash space and has a single tap hole and overflow. Semi recessed and pedestal basin choices are available. Furthermore, the pedestal basin can also be wall hung.

### Rimless WC options

All Radar WCs have an Easi-Clean rimless design which make them exceptionally hygienic and easy to clean internally as well. Choose a great looking standard close coupled WC, or the fully enclosed back to wall design which has a sleek appearance, making it as nice to look at as it is easy to clean. Alternatively, opt for the wall hung or back to wall WC options, to conceal the cistern and keep the look even more minimal.

### Quick release, soft close WC seats

The slim thermoset toilet seat gives a discreet contemporary finish to the WC, or opt for a wrap over style seat as an alternative. Both styles benefit from soft close hinges and quick release lift off for easy cleaning.

radar sanitaryware

Compatible with wall hung WC frames. Flushing options available

Easi-Clean

Blow the lid on germs with our Easi-Clean technology. The rimless design makes it exceptionally hygienic and easy to clean. A simple wipe of the rim means there is nowhere germs can hide. Water is projected around the bowl to ensure it is completely clean.

## debut sanitaryware

### debut features

#### Versatile

Choose from a wide choice of great looking WC options to complement your Debut basin and pedestal or furniture. In addition to the standard close coupled pan and back to wall pan, there is a fully enclosed close coupled WC for a sleek and contemporary look.

#### Comfort height WCs

The comfort height close coupled or back to wall comfort WCs sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

#### Soft close WC seats

The soft close WC seats incorporate top fix, quick release hinges allowing quick and easy installation. A contemporary slim version is also available.

Strong lines and bold styling characterise our debut sanitaryware. This smart range combines the great looks, practicality and comfort height options, which have become an integral part of R2.

Standard Close Coupled WC

## mini sanitaryware

### mini features

#### Compact basin

The generous yet compact basin and semi-counter top basin make the most of available space.

#### Space saving WC

The mini range of WCs are short projection, ideally suited to smaller bathrooms because of their great space saving design.

#### Comfort height WC

The comfort height WC sits several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

#### Soft close WC seat

The soft close mini seat features single push quick release hinges, allowing the seat to be lifted away for easy cleaning.

#### Ideal for use with bathroom furniture

The mini semi-countertop basin and back to wall WC are ideal for use with our muse and stow bathroom furniture.

Our mini range is the perfect blend of contemporary minimalism and practicality. Versatile and space saving, the range includes a semi-countertop basin and three WC options, designed to meet your needs.

Standard Close Coupled WC  
MIN620CCP/ MIN53CCC

## touch & contactless sensor flushing

Powered by 4x AA batteries (easy to change, no tools required)  
Low battery power alarm (battery life in excess of 1 year)\*  
Dual flush, Manual override flush, illuminates on operation  
Use on wall hung frames & In-wall cisterns (not compatible with slim depth furniture)

Touch Operated Sensor Dual Flush Plate  
Black Finish TR9016  
£138.00  
Recommended for furniture or lower height installations.

The lightest touch of the black glass-fronted flush plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

Not suitable for slim-depth furniture

Contactless Sensor Dual Flush Plate  
Black Finish TR9025  
£138.00  
Recommended for in-wall installations.

Place your hand in front of the black glass-fronted flush plate to activate either a reduced or full flush.

## contactless dual flush sensor

The contactless flush sensor kit is compatible with our pneumatic concealed cisterns, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet decal is included to indicate sensor location if desired.

Contactless dual flush remote sensor kit  
TR9014  
For use with concealed cisterns. Can be used with wall hung WC frames and in-wall cistern provided provision is made for access.

£115.00

taps & showers

# taps

## innovation, design & reliability

At R2 we know value is important to you. Which is why we have created a stylish yet affordable tap collection, offering a complete solution for every bathroom. Ranges include mini basin mixer options as well as coordinating bath fillers and bath shower mixers.

Whether eco water-saving factors are foremost in your mind or you require your tap to work at low pressure, we have a number of suitable choices. Furthermore, when you purchase an R2 tap you have the reassurance of a comprehensive 10 year guarantee which also covers the cartridge. How's that for peace of mind?

# save water

## in the bathroom

Our optional regulators are an easy, cost effective way to help save water in the bathroom. Simple to install, the regulators can be used with selected R2 taps to reduce your water consumption and so help save money too.

**stylish**  
Variety of stylish designs with something to suit every bathroom

**practical**  
Practical taps, designed with your requirements in mind

**reliable**  
All backed up by a 10 year guarantee

# showers

## smart, simple showering

In developing our showering collection we have created a range of beautiful systems which complement the flow of water, control it with precision and channel its power. Systems which bring performance and beauty together perfectly, combining style and engineering.

Choose from our array of concealed, exposed or bar valve shower systems. We have simple single function systems or dual function systems, which control 2 water outlets.

# save water

## in the bathroom

Our optional regulators are an easy, cost effective way to help save water in the bathroom. Simple to install, the regulators can be used with selected R2 showers to reduce your water consumption and so help save money too.

**stylish**  
Variety of stylish designs with something to suit every bathroom

## cabinets & mirrors

### cabinet & mirror collection

Add the perfect finishing touch to complete your R2 bathroom by selecting a mirror or cabinet from our stylish collection.

Do you like to coordinate across your bathroom design? We have a selection of mirrored cabinets and framed mirrors which have been specifically designed to colour-match with our R2 furniture ranges. There is also a matching wall column unit which offers plenty of additional storage to keep your bathroom clutter-free.

Would you prefer a sleek aluminium cabinet? You can go for a simple cabinet above your basin or opt for a sleek illuminated model with LED lighting and a useful recharging socket. All have soft close doors and adjustable shelves.

Are you after a more minimal look? Then take a look at our range of illuminated mirrors. There are lots of styles to choose from, nearly all of which have a heated demister pad to make misty mirrors a thing of the past.

The R2 cabinet and mirror collection represents great value for money, and, whatever your design cues, you will find the perfect one for you.

the perfect match...

Available in a variety of finishes, reflect the curves & lines of your favourite R2 furniture with a coordinating mirror or mirrored cabinet.

## mirrored cabinets

These angular cabinets particularly complement our type, revolve and drive furniture ranges.

# aluminium cabinets

The clean lines and modern styling of our aluminium cabinets provide a contemporary look which complements the R2 range. Sleek, hard wearing and rustproof, with soft close doors and two adjustable shelves, our avant cabinets also feature LED lighting and a convenient recharging socket. Altitude cabinets have the additional benefit of heated doors to keep things mist-free.

mirrors

illuminated mirrors

Don't let inferior mirrors cloud your judgement. Many of our illuminated mirrors have heated demister pads to make misty mirrors a thing of the past, no matter how steamy things get. There are also options which have a handy recharging socket.

The LED lighting on our mirrors not only looks stunning, but provides a bright, practical task light with energy saving benefits.

For your peace of mind, all our illuminated mirrors are also IP44 rated for safe use in the bathroom.

No-touch infrared on/off

**Heated demister pad**  
The demister pad provides a clear 'no wipe' window area if the bathroom steams up.

# customer service

It's not only our products we're proud of - customer service is important to us too.

We've built an excellent reputation for customer service over the 35 years we've been in business. By choosing R2 you can be assured of the very best support for your product.

# swatch sample service

If you would like to request a finish swatch sample (maximum of 3), simply contact a member of our customer service team who will be happy to assist with your request.

# how to get help...

telephone: 01225 303 900  
email: info@r2bathrooms.co.uk  
web: r2bathrooms.co.uk

lines open:  
monday to thursday 9:00am - 5:30pm  
friday 9:00am - 5:00pm

Our in-house customer service team are highly experienced staff. You can be sure you will be speaking to people with a wealth of knowledge on our products, who will be able to help you.

# quality & service

As one of the UK's largest suppliers of bathroom products, we set very high standards in design, manufacture and service. We also invest heavily in product improvement and innovation to ensure complete customer satisfaction.

Attention is drawn to the policy of replacing any damaged parts with a spare part where possible. Complete exchanges will only be made if damage is extensive.

We reserve the right to amend specifications at any time if an opportunity to further improve the product occurs. All dimensions quoted are within reasonable tolerances.

R2 furniture is designed for use within domestic installations which are adequately ventilated. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

All roomsets have been photographed to provide an artistic impression only.

# pricing

All prices quoted are inclusive of Value Added Tax at 20% but will be charged at the rate applicable on the date of despatch. We cannot be held responsible for any errors or omissions to products or prices.
