

INSPIRING

# MIRRORS

With a myriad of additional touches such as heated demister pads and ambient lighting, our mirrors will give your daily routine a special lift. The right mirror will enlarge the smallest of spaces, reflecting light and brightening your room and your day.

All of our illuminated mirrors are IP44 rated, so whichever mirror you choose you can be sure that it has been tested for safe use in the bathroom.

NEW FOR 2014

CORE LED ILLUMINATED MIRROR

# LED

## STANDARD & BACKLIT LED MIRRORS

207

Add some **SPARKLE** to your bathroom with one of our bright LED mirrors. We have added two **NEW LED BACKLIT MIRRORS** to the range which utilise the very latest in energy saving LED technology.

### STANDARD LED MIRRORS

### BACKLIT LED MIRRORS

### LED ILLUMINATED MIRROR FEATURES

#### Infrared on/off switch

A safe and easy to use infrared on/off switch lets you activate lighting without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

**Important:** When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

#### Re-charging socket

An integrated power socket for electric shavers and toothbrushes.

#### Heated demister pads

Heated demister pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

#### Ambient lighting

For additional mood lighting in the bathroom, stunning effects are created with ambient LED lighting.

#### Tapered body

The tapered body profile gives our mirrors an elegant, floating effect.

#### Zones for electrical equipment in close proximity to bath & showers

Our mirrors have been designed and independently tested for compliance with electrical equipment (safety) regulations. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Please see the diagram on page 250 for further information.

Heated demister pad

All these features do not apply to every mirror. See details on each mirror to see which features apply.

## CORE LED ILLUMINATED MIRROR

SLE500 Core LED Illuminated Mirror £220.00  
550(w) x 700(h) x 50(d)

**Features include:** Energy efficient LED lighting system | Heated demister pad | Rocker switch | IP44 | Can be hung landscape or portrait

## DIFFUSE LED BACKLIT ILLUMINATED MIRROR

SLE520 Diffuse LED Backlit Illuminated Mirror £179.00  
530(w) x 730(h) x 40(d)

**Features include:** Energy efficient LED backlit technology | Heated demister pad | Infrared sensor | IP44 rated | Can be hung landscape or portrait

## TRANSMIT LED BACKLIT ILLUMINATED MIRROR

SLE510 Transmit LED Backlit Illuminated Mirror £169.00  
450(w) x 700(h) x 40(d)

**Features include:** Energy efficient LED backlit technology | Heated demister pad | Infrared sensor | IP44 rated | Can be hung landscape or portrait

## INVERT LED ILLUMINATED MIRROR

SLE450 Invert Illuminated Mirror (48 LEDs) £351.59  
600(w) x 800(h) x 50(d)

**Features include:** Tapered body | Re-charge socket | Heated demister pad | Infrared sensor | IP44 rated | Can be hung landscape or portrait

## REFRACTION LED ILLUMINATED MIRROR

**SLE410**      **Refraction Illuminated Mirror (46 LEDs)**      **£307.02**  
550(w) x 750(h) x 40(d)

**Features include:** Ambient lighting | Heated demister pad | Infrared sensor | IP44 | Can be hung landscape or portrait

## MOMENTUM LED ILLUMINATED MIRROR

**SLE400**      **Momentum Illuminated Mirror (24 LEDs)**      **£280.33**  
450(w) x 700(h) x 40(d)

**Features include:** Ambient lighting | Heated demister pad | Infrared sensor | IP44

## HEAT LED ILLUMINATED MIRROR

**SLE300**      **Heat Illuminated Mirror (24 LEDs)**      **£253.31**  
530(w) x 730(h) x 40(d)

**Features include:** Infrared sensor | IP44 | Can be hung landscape or portrait

## AVENT LED ILLUMINATED MIRROR

**SLE440**      **Avent Illuminated Mirror (48 LEDs)**      **£161.84**  
450(w) x 700(h) x 40(d)

**Features include:** Rocker switch | IP44 | Can be hung landscape or portrait

Lighting

## FLUORESCENT BACKLIT ILLUMINATED MIRROR FEATURES

### Infrared on/off switch

A safe and easy to use infrared on/off switch lets you activate lighting without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

**Important:** When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

### Re-charging socket

An integrated power socket for electric shavers and toothbrushes.

### Heated demister pads

Heated demister pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

### Ambient lighting

For additional mood lighting in the bathroom, stunning effects are created with ambient lighting.

### Tapered body

The tapered body profile gives our mirrors an elegant, floating effect.

### Magnifying glass

A useful illuminated magnifying mirror, which magnifies objects to double their size, is great for shaving and applying make-up.

### Zones for electrical equipment in close proximity to bath & showers

Our mirrors have been designed and independently tested for compliance with electrical equipment (safety) regulations. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Please see the diagram on page 250 which illustrates zones within a standard bathroom.
