DESIGNERS' CHOICE

Take a look at our stunning, classically styled Legacy fitted furniture range. See pages 10-17.

FINISHING TOUCHES

Opt to create a seamless look and feel to your fitted furniture with one of our sleek worktops with integrated basin. See page 29.

Complete the look of your furniture with a handle that best reflects your chosen bathroom style. See page 28.

WHY CHOOSE TAVISTOCK FITTED FURNITURE?

There is beauty in simplicity. So much of our lives are hectic and demanding but with our fitted furniture it is easy for you to design and plan your new bathroom. What's more we have simplified the selection process into a series of basic steps, just follow our guide to create your very own Tavistock fitted furniture bathroom – it's that simple.

You can depend on Tavistock. We aim to deliver the highest levels of service and reliability, but what makes us special is our in-house design team. Excellent design is of the utmost importance to us. We design all of our products

in-house and ensure our perspective remains fresh and innovative. We source outstanding quality materials and craftsmanship so that every Tavistock product not only looks good but fulfils its purpose, time after time.

For complete peace of mind, we offer extensive guarantees across our entire range, so you can be sure to choose any Tavistock product with complete confidence.

DESIGN, CREATE, INSPIRE

GUIDE TO CHOOSING FITTED FURNITURE

Tavistock fitted furniture has a wide variety of bespoke features. Follow the guide below for a quick overview and understanding of how to create your very own Tavistock fitted furniture bathroom. A more detailed planning guide can be found on pages 26-27.

01

UNDERSTAND YOUR SPACE

Make sure you get a feel for your bathroom layout before you start. Look at any wasted areas which could be maximised with the addition of storage units. It is advisable to install a WVC unit in a similar position to the current WVC to minimise installation costs. If you do want to change the layout of your bathroom, a good Tavistock bathroom retailer will be able to guide you through the planning process.

02

CHOOSE YOUR BATHROOM STYLE & FINISH

We have two stunning furniture styles to choose from, classic Legacy or sleek contemporary Calm. Both are available in 3 finishes, see pages 10-25 for further details. All our Legacy units come with an oak internal carcass, while Calm furniture features a graphite internal finish (with the exception of gloss white finish which features a white carcass). All have been specifically chosen to complement the furniture style.

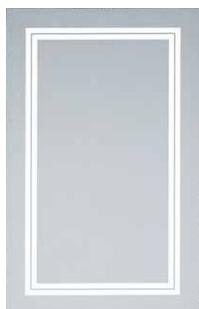

03

MAKE YOUR UNITS BESPOKE

Choose from our wide range of handles & worktops to give your bathroom units a bespoke look and feel.

See pages 28-31 for all handle & worktop options.

04

COMPLETE YOUR BATHROOM

Complete the design of your new bathroom by choosing from our raft of stylish basins & WCs as well as coordinating brassware, elegant mirrors & useful cabinets.

See pages 32-53 for options.

05

CHOOSING THE RIGHT INSTALLER

As with any new bathroom furniture, it is advisable to use an experienced and qualified installer. Many Tavistock retailers will be able to offer a design and installation service or else be able to recommend suitable fitters and tradesmen.

CLASSIC OR CONTEMPORARY?

From classic styling to sleek modern lines, our collection of fitted bathroom furniture has something to suit every taste.

Door Styles

The Legacy range, with its clean shaker lines, delivers beautiful craftsmanship and classic good looks. It has a truly timeless feel when paired with the Vitoria sanitaryware range. Why not source a freestanding bath for the ultimate in luxury that will help create a striking centre piece in any period bathroom. Alternatively you can blend traditional and more modern styling by opting for one of our contemporary sanitaryware ranges for an altogether different look.

The pared back design of Calm offers a much more understated look with its minimal aesthetic. The slab style doors make for a sleek and modern design statement.

Colour Palette

A carefully selected palette of soft neutrals, rich wood or the deep hues of matt dark grey will define the overall look and feel of your bathroom.

Lighter colours such as gloss white and metro grey are particularly effective in smaller bathrooms. Colours such as linen white and light grey can be used to create a homely feel. Painted finishes, particularly the darker, dramatic shades, are very on-trend.

We have conveniently paired each door finish with a coordinating carcass colour, simplifying the decision making process.

The Legacy Collection

Whatever your bathroom space, big or small, Legacy offers the flexibility and versatility you need to create a unified, traditional look. Standard and slim depth unit options are available in the sizes shown above. Alongside floor units, a full height unit and wall cupboards there are also coordinating bath panels. Use filler panels to create a framed style and personalise with your choice of worktop, handles, basin, WC and taps.

LEGACY

MATT DARK GREY

The Legacy Collection

Switch sample
service available
See page 80 for details

Matt Dark Grey creates real drama and can completely transform the look of your bathroom. Teamed here with the Ion basin and Structure back to wall WC, it strikes the perfect balance between modern and traditional styling. Complete this look with the Cheltenham basin mixer and polished Florence handles.

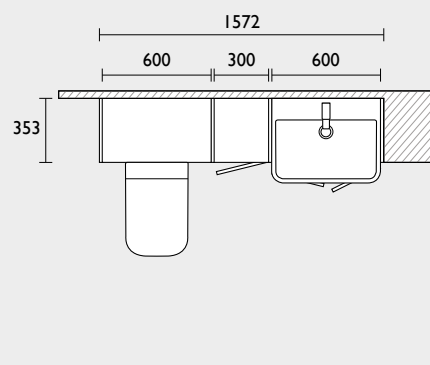

CREATE THE LOOK

Want to recreate this look for your new bathroom? We have created a handy floor plan and useful list of all the items used to design this classically styled bathroom.

Legacy - Standard Depth Furniture

- 600 back to wall WC unit
- Structure back to wall WC & seat
- Vortex cistern
- Traditional dual flush plate
- 300 floor cupboard (oak carcass)
- 600 basin unit (oak carcass)
- Ion semi-countertop basin
- Cheltenham basin mixer
- Hana handles x3
- 600 mirror
- Filler/clad-on end panel x4
- 1880 solid surface worktop (arctic white)
- 1500 plinth (worktop & plinth cut to size)

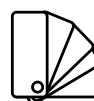

METRO GREY

The Legacy Collection

Switch sample
service available
See page 80 for details

Metro Grey adds a touch of luxury to your bathroom and creates a relaxed and calming period bathroom look. Opt for the classically styled Vitoria sanitaryware to complete the look. We have teamed it here with Clara handles and Varsity basin taps.

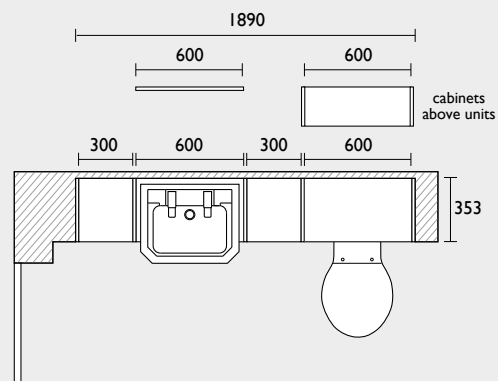

CREATE THE LOOK

Want to recreate this look for your new bathroom? We have created a handy floor plan and useful list of all the items used to design this classically styled bathroom.

Legacy - Standard Depth Furniture Run

- 300 floor cupboard x2 (oak carcass)
- 600 basin unit (oak carcass)
- Vitoria semi-countertop basin
- Varsity basin taps
- 600 back to wall WC unit
- Vitoria back to wall WC & white seat
- Vortex cistern
- Traditional dual flush plate
- Clara handles x4
- 600 mirror
- 600 wall cupboard
- Filler/clad-on end panel x8
- 1280 & 680 solid surface worktop (grey quartz)
- 2000 plinth (worktop & plinth cut to size)

LINEN WHITE

The Legacy Collection

Switch sample
service available
See page 80 for details

For a true heritage feel, Legacy Linen White combines classic styling and detail to great effect. The solid surface Stone Grey worktop makes a striking contrast. To complete the look, opt for Cecily burnished handles and Varsity traditional basin taps.

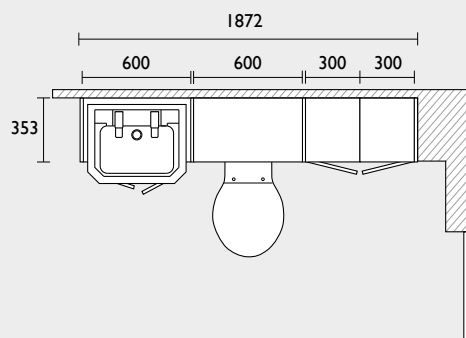

CREATE THE LOOK

Want to recreate this look for your new bathroom? We have created a handy floor plan and useful list of all the items used to design this classically styled bathroom.

Legacy - Standard Depth Furniture

- 600 basin unit (oak carcass)
- Vitoria semi-counterop basin
- Varsity basin taps
- 600 back to wall WC unit
- Vitoria back to wall WC & seat
- Vortex cistern
- Traditional dual flush plate
- 300 tall floor cupboard x2 (oak carcass)

CALM

GLOSS WHITE

The Calm Collection

Swatch sample
service available
See page 80 for details

The minimal form of Calm Gloss White provides a polished and sleek look. Why not emulate hotel styling with double basin units, wall-mounted for a fresh take on fitted furniture. To keep your bathroom spa-like and clutter-free, consider adding extra storage space and opt for a full height unit. Contrasting matt black Lucia handles complete the look.

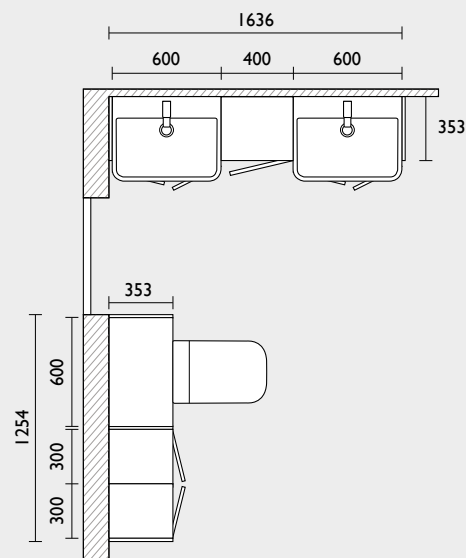

CREATE THE LOOK

Want to recreate this look for your new bathroom? We have created a handy floor plan and useful list of all the items used to design this contemporary bathroom.

Calm - Standard Depth Furniture

- 300 tall floor cupboard x2 (white carcass)

- 600 back to wall WC unit
- Agenda back to wall WC & seat
- Vortex cistern
- Contactless flush sensor
- Odelia handles x2
- Tier basin mixer
- Aster mirror
- Filler/clad-on end panel x2
- 1500 plinth (worktop & plinth cut to size)

YOUR PLANNING, CHOOSING & ORDERING GUIDE

LEGACY - CLASSIC STYLING

CALM - CONTEMPORARY STYLING

01

FURNITURE STYLE & FINISH

The most important choice when determining the look of your bathroom is door style and finish. Choose from the classic shaker style of Legacy or the ultra-modern simplicity of Calm slab style doors. Both furniture styles are available in 3 finishes. All Legacy door styles come complete with oak carcasses. Calm door styles feature a graphite carcass (except for gloss white which has a white carcass).

02

COMBINATION & DEPTH OF UNITS

Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units. Establish how you use your space and plan your design accordingly; whether yours is a personal retreat or a room for all the family, you can combine sizes to suit your needs and maximise the space in your bathroom.

03

HANDLE OPTIONS

Add the perfect finishing touch to your chosen doors with one of our stylish handles. See page 28 for the full range of options.

04 WORKTOP OPTIONS

Select a worktop from either our solid surface or laminate options. Alternatively opt for an integrated basin and worktop for a seamless look which works equally well with both contemporary and classic bathroom designs. See pages 29-31 for further details.

05 BASINS, WCs, CISTERNS, FRAMES & FLUSHING OPTIONS

Choose your preferred basin and WC to match the styling of your bathroom, in addition to a cistern and frame (if required). Complete the look by selecting from our range of flush plate options

06 TAP COLLECTION

Choose from our collection of stylish basin mixers, whether sleek and ergonomic or traditionally styled. Complete the look with a coordinating bath filler. See pages 42-47 for options.

07 MIRRORS & CABINETS

Choose an illuminated bathroom mirror or, for some additional over basin storage, opt for a cabinet. See pages 48-53 for options.

08 PANELS, PLINTHS & BATH PANELS

Clad-on end panels are available for all finishes. They can also be used between units to achieve a framed effect, which works particularly well for the traditional Legacy range. Plinths are available to create a fully integrated floor mounted look or alternatively you can wall mount your furniture, should

you wish to create a more contemporary styled bathroom. See pages 68-69.

Finally, choose your bath panel to keep everything coordinated. See page 69.

HANDLES

Sleek, contemporary & modern classic designs

Choose the handle that best reflects your chosen bathroom style; whether it's curved and rounded or sleek and contemporary,

INTEGRATED BASINS & WORKTOPS

Strike the perfect balance between form & function

Expertly moulded into a single piece, our Isocast basins with integrated worktop strike the perfect balance between form and function. This clean and seamless look works equally well with both classic and contemporary bathroom designs.

Integrated basin and worktops are available in standard or slim depths and left or right handed options to suit your plan.

1240mm Standard Depth - Left

1240mm Standard Depth - Right

1240mm Slim Depth - Left

1240mm Slim Depth - Right

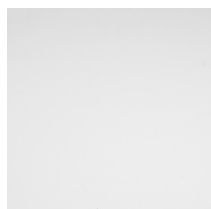

SOLID SURFACE WORKTOPS

Natural stone-like finish

Our range of solid surface worktops combines a seamless style with the look and feel of real stone. The natural stone-like beauty of the solid surface finish makes them a perfect choice for your bathroom.

Solid surface worktops are completely solid and can be easily cut to whatever size or shape your bathroom demands, with no need to bond on finishing strips. Simply cut to the desired profile and sand the edges to a fine finish. Adhesive is also available for joining longer runs or corner installations.

OUR BASIN & WC STYLES

Something for everyone...

The Basin & WC Collection

Clean lines, sleek surfaces, forward-looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you. Specifically designed to work with our ranges of fitted furniture; including back to wall and wall hung WCs as well as semi-countertop basin options available in a choice of standard or slim depth depending on your installation.

Basin & WC Options

Read our simple guide to help you make the right decision.

Semi-Countertop Basins

A semi-countertop basin is a basin mounted on a furniture unit or worktop. While the rear half of the basin is recessed, the front of the basin overhangs the unit. The result? A basin which doesn't impose on your bathroom space. Available in a variety of sizes and styles.

Back to Wall WCs

Why not opt for a back to wall WC? With the cistern hidden inside a back to wall WC unit or behind a wall, it creates a clean and streamlined look. This style of WC is also perfect for when space is at a premium in your bathroom. Browse the following pages and choose from our extensive range.

Wall Hung WCs & Frames

A wall hung WC is a WC which hangs on the wall, or a back to wall WC unit, supported by a specially designed WC frame. Wall hung WCs are the perfect choice when you are looking for a space-saving solution or a very clean, contemporary look.

Cisterns & Flushing Options

Tavistock has a number of WC cistern options for all types of installation. See page 40 for our detailed guide. Alongside these, we offer a wide variety of flush options, including a contactless sensor and contemporary and traditional flush plates. See pages 40-41 for our complete range.

SEMI-COUNTERTOP BASINS

Browse our selection of semi-countertop basins to find the perfect option for your bathroom. Our collection includes both contemporary and classic designs, with the option of standard and slim depth basins, giving you plenty of choice no matter which fitted furniture range you decide on.

CONTACTLESS DUAL FLUSH SENSOR

The contactless flush sensor kit is compatible with our pneumatic concealed cisterns, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

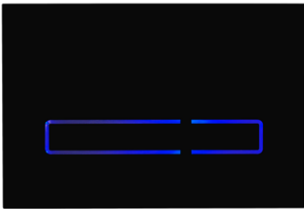

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet decal is included to indicate sensor location if desired.

Contactless Dual Flush Remote Sensor Kit Use with concealed cisterns		
Sensor	CSFK	£107.50

TOUCH SENSOR DUAL FLUSH PLATE

Go for an ultra-contemporary option with our sleek, black glass-fronted sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on our wall hung WC frames or in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

Sensor Dual Flush Plate - Black 210(w) x 137(h)mm		
Flush Plate	TR9016	£129.00

OUR TAP STYLES

Something for everyone...

The Tap Collection

Taps are no longer just a minor detail, they're the finishing touch. Our collection of taps are expertly designed and manufactured. The right tap choice must combine the two key ingredients of design and functionality, and with this in mind we have designed a collection of taps which delivers both. There is something to suit all bathroom styles, from sleekly contemporary to charmingly traditional.

Basin Mixers

A tap which mixes hot and cold water from a single spout. Ceramic cartridge technology gives smooth, easy to use action and accurate flow control.

Mini Basin Mixers

A smaller style basin mixer specifically designed for use with smaller bathroom or cloakroom basins.

Basin Taps

Two taps for separate control of hot and cold water.

Bath Fillers

A deck mounted bath tap with two handles to mix hot and cold water from a single spout.

Bath Shower Mixers

A deck mounted bath filler which also includes a shower handset. Really useful for washing hair or cleaning the bath.

THE ADAPT COLLECTION

Familiarise yourself with the soft, angular design of the Adapt range. Its shapely form and tapered body offer a new take on geometric styling.

Basin Mixer with Click Waste
Min recommended pressure 0.3bar
50(w) x 136(h) x 135(d)mm
TADI1 £103.00

OUR MIRRORS & CABINETS

Something for everyone...

The Mirror & Cabinet Collection

Complete your fitted furniture bathroom with a stylish mirror or cabinet from our design-led collection. Choosing an illuminated mirror will help enlarge even the smallest of spaces, reflecting light and brightening your day. Using a cabinet can help create a calm, clutter-free space. A variety of useful supporting features such as heated demister pads and integrated recharging sockets will make you wonder how you ever managed without them. And with light temperature changing technology you can create the perfect bathroom environment.

Warm White 2700K

Natural White 4000K

Daylight White 6000K

Mirror & Cabinet Features

Discover our collection of mirrors & cabinets encompassing a wealth of design features to brighten up your bathroom.

Light Temperature Changing Technology

Adjust the warmth of light to suit the task and time of day. Kick-start your day with bright, invigorating daylight white. Then choose a natural white light to apply make-up and a warm white light for late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White).

Some mirrors are also dimmable as well as light temperature changing. Look out for this icon.

LED Lighting

We use the latest LED technology in many of our mirrors and cabinets to great effect. This not only looks stunning but provides a bright, practical task light with energy saving benefits.

Heated Demister Pads

Heated demister pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

Recharging Socket

Conveniently positioned recharging socket keep your bathroom electronics, such as toothbrushes or electronic shavers fully charged and ready to use.

Infrared Switch

Easy to use, an infrared switch allows you to control the mirror or cabinet with just the wave of your hand, without touching it.

Important: When mounting products with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

See individual details on each mirror or cabinet for applicable features.

Aster Mirrors

Slim design, Energy efficient LED lighting, Dimming and light temperature changing LEDs, Heated demister pad, Infrared switch, IP44 rated, Can be hung portrait or landscape

For Narrow Back To Wall WC Units Including 500mm wide

- Ideal for tiled-in applications
- All parts serviceable through flush plate aperture
- 6/3 litre pneumatic flush valve
- Side entry inlet valve (1/2" BSP)
- Front or top access panel for maintenance
- 0.2-10.0bar working pressure range
- 90° flush pipe
- Flush pipe securing bracket
- Polystyrene insulation jacket
- Selection of flush interface options available separately, see page 77

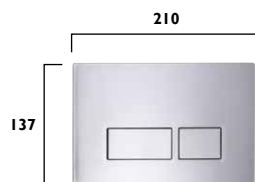

TR9009

£94.60

FLUSHING OPTIONS

SQUARE FLUSH PLATE

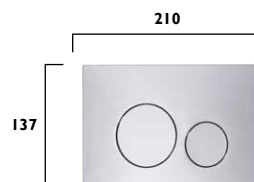

- Pneumatic dual flush push plate
- Compatible with wall hung frames & in-wall cisterns

SQFPC	Chrome	£36.20
TR9020	Black	£36.20
SQFPW	White	£27.70

CIRCLES FLUSH PLATE

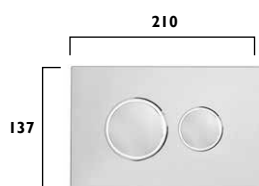

- Pneumatic dual flush push plate
- Compatible with wall hung frames & in-wall cisterns

CRFPC	Chrome	£36.20
TR9021	Black	£36.20
CRFPW	White	£27.70

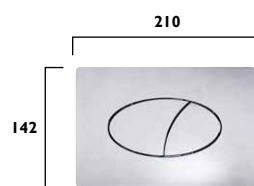

TRADITIONAL FLUSH PLATE

- Pneumatic dual flush push plate
- Compatible with wall hung frames & in-wall cisterns
- White traditional indices

TR9017	Chrome	£41.80
--------	--------	--------

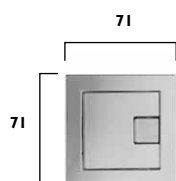

ELLIPSE FLUSH PLATE

- Pneumatic dual flush push plate
- Compatible with wall hung frames & in-wall cisterns

ELFP	Chrome	£36.20
------	--------	--------

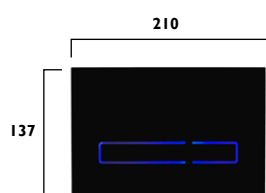

SQUARE FLUSH BUTTON

- Pneumatic dual flush push plate
- Compatible with concealed cisterns
- If used with wall hung frames provision must be made for access in lieu of flush plate

SQFB	Chrome	£13.30
------	--------	--------

TOUCH SENSOR DUAL FLUSH PLATE

- Activated by the lightest touch
- LED illumination on flush
- Dual flush
- Best for use with wall hung WC frames
- If used within furniture, suitable for standard depth only
- Battery operated (4 x AA batteries)
- Glass fascia

TR9016	Black	£129.00
--------	-------	---------

CONTACTLESS DUAL FLUSH SENSOR

- Touchless flush activation
- Dual flush
- Best for use with concealed cisterns
- Battery operated (4 x AA batteries)
- Provision must be made for access if installed in-wall

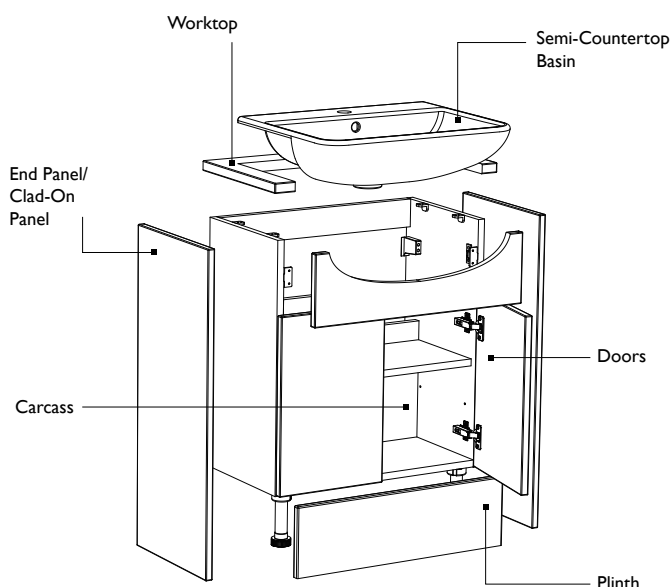

CSFK		£107.50

TIPS FOR PLANNING YOUR BATHROOM

01

UNDERSTANDING FITTED FURNITURE COMPONENTS

Fitted furniture units are made up from a number of components and can seem quite confusing at first glance. It can be difficult to understand the need for some items such as clad-on end panels and plinths. So to simplify it we have put together a handy diagram of one of our units, breaking down each component, allowing you to understand exactly how your completed fitted furniture unit is created.

02

UNDERSTANDING YOUR BATHROOM LAYOUT & PLANNING

In order to make the installation process as pain-free as possible it is advised, where possible that you try and install your basin, WC and bath in a similar position to any existing plumbing. This will minimise the installation time and cost. Before going to see a Tavistock fitted furniture specialist, it may be helpful to complete the following planning steps.

Firstly measure your bathroom and draw a plan including the door direction (in case this needs to be re-hung to accommodate the new layout). Make reference to the location of each service and soil pipe.

Finally ensure all dimensions including windows, doors, radiator and extractor fan positions are marked up on your drawing. Providing this detail at this early stage will then give you the freedom to experiment with placing different unit combinations within your bathroom plan when visiting the retailer.

HELPFUL TIP

Clan-on end panels are required to cover the carcass colour on any exposed furniture run end.

They can also be cut in half and used in between adjoining units to create a traditional framed look and feel which is particularly effective when used with Legacy furniture.

03

USEFUL INFORMATION ON BATHROOM UNITS, BASINS & WCs

Our ranges are available in both standard and slim depth formats. Using slim depth furniture in small en-suites or cloakrooms can help maintain vital space in the room without sacrificing bathroom storage.

Semi-countertop basins are available in both slim and standard depth formats and can be mounted on both laminate or solid surface worktops by an experienced fitter.

HELPFUL TIP

All fitted furniture doors will require your fitter to drill and fit your handles, giving you the flexibility to position them exactly where you want.

The use of a WC unit and concealed cistern can create a clean uncluttered look for your bathroom. Our dual flush concealed cisterns operate by a pneumatic push button which can be sited in the front removable fascia of the WC unit, or on the top of the unit if desired (only with standard depth WC units. Flush buttons can only be installed on the front fascia of slim depth units.) Our WC units feature a panel which goes to the floor; removing the need for unsightly filler blocks that are sometimes used to fill the void between the back to wall WC pan and the plinth.

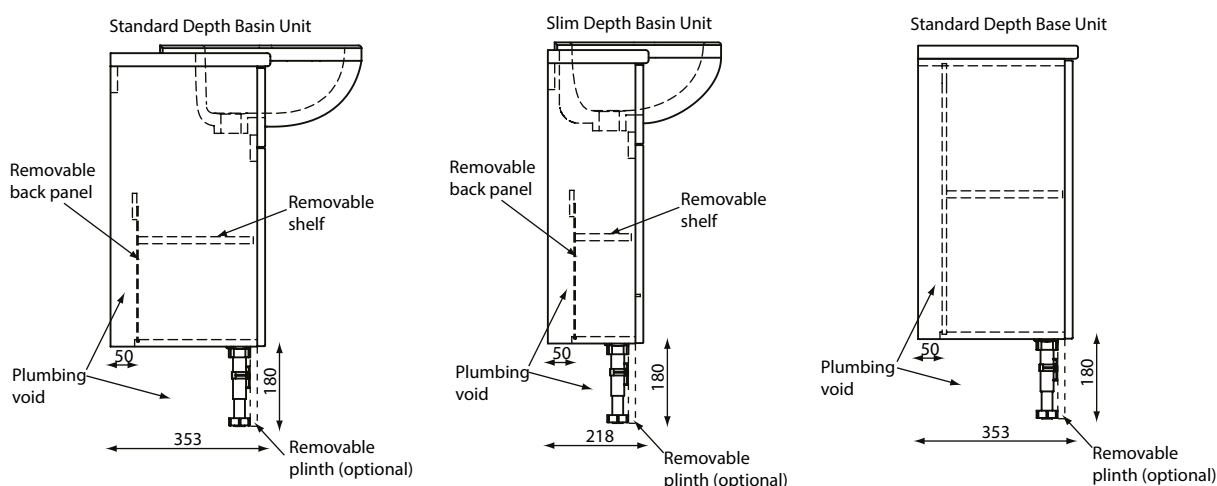

If a wall hung WC is required, then a suitable supporting frame must be used (see page 75). Never fit a wall hung pan directly to the fascia of a WC unit alone. Speak to your retailer for more details on compatibility.

04

CONCEALING UNSIGHTLY PIPEWORK

One of the benefits of using our fitted furniture is that unsightly pipework can run along skirting boards and walls whilst being concealed behind units. The furniture is designed with a plinth height of 180mm, which means that even soil pipes can run under the units.

All standard depth base units feature a generous 50mm void at the back, which allows waste pipes and copper pipes to run along the walls whilst being concealed behind the units. Your fitter will only have to notch out the side panel of the unit where the pipe traverses. In addition to the 50mm pipe void, basin units in both slim and standard depth configurations feature a removable back panel to aid the installation process. See diagrams below.

05

STEAM FREE MIRRORS

Many of our mirrors feature heated demister pads to prevent them from misting up. Always use a qualified electrician when installing this type of mirror. Illuminated mirrors and cabinets must be mounted so that the sensor switch is a minimum of 150mm from any adjacent wall or obstruction to ensure function of the sensor switch. Please note, mirrors must never be installed above a bath or shower.

06

BATH PANEL INSTALLATION RECOMMENDATIONS

Designed to complement all door styles. Both front and end panels are supplied with a matching plinth which allows for adjustment depending on site conditions. To achieve a continuous look between the furniture and the bath panel, it is recommended that the panel is set at a height of 520mm, so that a plinth height of 180mm is achieved.

Note: Once installed all bath panels must be sealed along the top, bottom and sides with a suitable silicone sealant to prevent damage from excessive moisture.

OUR PRODUCTS & FINDING US

GUARANTEES

Giving you complete piece of mind

At Tavistock we are extremely proud of our products and our confidence in their quality is such that we offer extended guarantees on many of them, including a 10 year guarantee on all furniture and taps plus a 20 year guarantee on all basins and WCs.

All products are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure.

Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive. All dimensions are approximate and are quoted within reasonable tolerances.

SWATCH SAMPLES

The Tavistock Collection

Our free swatch sample service is designed to help you make the right finish choices for your home. If you would like a sample of any of our furniture or worktops then please visit our website and fill in the sample request form. Alternatively you will find displays of our fitted furniture and colour samples of finishes and worktops at our specialist retailers across the UK and Ireland. To find your nearest showroom visit our website
