

# TAPS

---

Taps are no longer just a minor detail. They're the finishing touch, lifting your bathroom from the mundane to the truly special. The right taps must combine the two key ingredients of design and functionality - in short, they must look good and they must work well. With that in mind, we have designed a collection of taps which really shine.

**The Adapt Collection**

Familiarise yourself with the soft, angular design of the Adapt range. Its shapely form and tapered body offer a new take on geometric styling.

**ADAPT**

**Adapt Basin Mixer with Click Waste**  
Minimum recommended pressure 0.3bar  
50(w) x 136(h) x 135(d)mm

TAD11 £99.80

**Adapt Bath Filler**  
Minimum recommended pressure 0.3bar  
230(w) x 130(h) x 160(d)mm

TAD32 £152.50

**Adapt Bath Shower Mixer & Handset**  
Minimum recommended pressure 0.3bar  
230(w) x 130(h) x 160(d)mm

TAD42 £178.50

## FEATURES

### Low Pressure

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.3bar or above.

### Lever

The basin mixer's single lever action and the quarter turn bath filler make Adapt a practical and easy to use range.

### Ceramic Cartridge Technology

Smooth, easy to use action giving accurate flow control.

### 10 Year Guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

**The Tier Collection**

Let the Tier tap take your bathroom to another level, with its softly rounded body and ergonomic handle. Understated cool combined with practicality.

**TIER**

**Tier Basin Mixer with Click Waste**  
Minimum recommended pressure 0.3bar  
50(w) x 140(h) x 140(d)mm

TTR11 £99.80

**Tier Bath Filler**  
Minimum recommended pressure 0.3bar  
230(w) x 135(h) x 165(d)mm

TTR32 £152.50

**Tier Bath Shower Mixer & Handset**  
Minimum recommended pressure 0.3bar  
230(w) x 135(h) x 165(d)mm

TTR42 £178.50

## FEATURES

### Low Pressure

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.3bar or above.

### Lever

The basin mixer's single lever action and the quarter turn bath filler make Tier a practical and easy to use range.

### Ceramic Cartridge Technology

Smooth, easy to use action giving accurate flow control.

### 10 Year Guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

**The Signal Collection**

Softened square styling adds a designer edge that will fit into any contemporary styled bathroom.

**SIGNAL**

**Signal Mini Basin Mixer with Click Waste**

Minimum recommended pressure 0.3bar  
50(w) x 135(h) x 145(d)mm

TGN61 £99.80

**Signal Basin Mixer with Click Waste**

Minimum recommended pressure 0.3bar  
50(w) x 161(h) x 156(d)mm

TGN11 £134.50

**Signal Bath Filler**

Minimum recommended pressure 0.3bar  
227(w) x 119(h) x 166(d)mm

TGN32 £216.00

**Signal Bath Shower Mixer & Handset**

Minimum recommended pressure 0.3bar  
230(w) x 120(h) x 160(d)mm

TGN42 £241.50

## FEATURES

**Low Pressure**

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.3bar or above.

**Lever**

The basin mixer's single lever action and the quarter turn bath filler make Signal a practical and easy to use range.

**Ceramic Cartridge Technology**

Smooth, easy to use action giving accurate flow control.

**10 Year Guarantee**

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

**The Revive Collection**

Let the elegant profile of Revive breathe some life into your bathroom design.

**REVIVE**

**Revive Basin Mixer with Click Waste**  
Minimum recommended pressure 0.2bar  
165(w) x 120(h)mm

TRV11 £93.20

**Revive Bath Filler**  
Minimum recommended pressure 0.2bar  
240(w) x 170(h) x 180(d)mm

TRV32 £117.50

**Revive Bath Shower Mixer & Handset**  
Minimum recommended pressure 0.2bar  
230(w) x 136(h) x 180(d)mm

TRV42 £163.00

## FEATURES

### Low Pressure

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.2bar or above.

### Lever action

Separate controls for hot and cold flow makes the Revive taps extremely easy to use.

### Ceramic Cartridge Technology

Smooth, easy to use action giving accurate flow control.

### 10 Year Guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

**The Solace Collection**

The open spout design of Solace adds a touch of spa luxury to your bathroom.

**SOLACE**

**Solace Basin Mixer with Click Waste**

## WASTES & TRAPS

Our tap ranges are perfectly complemented by our stylish and modern chrome plated bottle trap and collection of wastes. All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

Taps supplied with a pop-up waste include a waste outlet, pop-up rod and lifting mechanism. Please note that Adapt, Tier, Revive, Solace, Strike, Lift, Blaze, Siren, Index and Logic mini and basin mixers are supplied with a click waste. For taps supplied without pop-up wastes, we have a few waste options as shown. Unslotted wastes are for use where no integral overflow is required in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

## DESIGN DETAIL

### Tap Operating Pressure

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems which are most commonly found in older properties.

European manufacturers tend to design taps suitable for more modern plumbing systems which can often cause problems when installed in a typical UK home, resulting in a disappointing flow rate when using the taps.

Tavistock's in-house design team have recognised this problem and engineered our taps so that all of them are suitable for use with both high and low pressure systems. Most of our taps operate at 0.1 bar or above (0.1 bar is equal to 1 metre head of water). In plumbing terms this means, for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1 bar of water pressure at the tap.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, and again either your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.
