

INSPIRING TAPS

Taps are no longer just a minor detail. They're the finishing touch, lifting your bathroom from the mundane to the truly special. The right taps must combine the two key ingredients of design and functionality - in short, they must look good and they must work well. With that in mind, we have designed a range of taps which really shine.

SIGNAL

Softened square styling adds a designer edge that will fit into any contemporary styled bathroom.

BASIN MIXER WITH CLICK WASTE

TGN11 Basin Mixer with Click Waste **£118.50**
Minimum recommended pressure of 0.3bar
50(w) x 161(h) x 156(d)mm

BATH FILLER

TGN32 Bath Filler **£190.50**
Minimum recommended pressure of 0.3bar
227(w) x 119(h) x 166(d)mm

SIGNAL FEATURES

Low pressure

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.3bar or above.

Lever

The basin mixer's single lever action and the quarter turn bath filler makes Signal a practical and easy to use range.

Ceramic cartridge technology

Smooth, easy to use action giving accurate flow control.

10 year guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

— REVIVE —

Let the **ELEGANT PROFILE** of Revive
breathe some life into your **BATHROOM DESIGN**.

BASIN MIXER WITH CLICK WASTE

TRV11 Basin Mixer with Click Waste **£82.20**
Minimum recommended pressure of 0.2bar
120(h) x 165(d)mm

BATH FILLER

TRV32 Bath Filler **£103.00**
Minimum recommended pressure of 0.2bar
240(w) x 170(h) x 235(d)mm

REVIVE FEATURES

Low pressure

Suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.2bar or above.

Lever action

Separate controls for hot and cold flow makes the Revive basin mixer and bath filler extremely easy to use.

Ceramic cartridge technology

Smooth, easy to use action giving accurate flow control.

10 year guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

SOLACE

The open spout design of Solace adds a touch of **SPA LUXURY** to your bathroom.

BASIN MIXER WITH CLICK WASTE

TSA11 **Basin Mixer with Click Waste** **£118.50**
Minimum recommended pressure of 1.0bar
130(h) x 185(d)mm

BATH FILLER

TSA32 **Bath Filler** **£180.00**
Minimum recommended pressure of 0.2bar
250(w) x 140(h) x 205(d)mm

SOLACE FEATURES

Low pressure

The Solace bath filler is suitable for all plumbing systems including conventional gravity fed systems and will operate at 0.2bar or above. The basin mixer requires 1.0bar.

Lever action

The single lever action makes the Solace basin mixer extremely easy and practical to use.

Ceramic cartridge technology

Smooth, easy to use action giving accurate flow control.

10 year guarantee

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to confidently offer all of our taps with a 10 year guarantee.

— STRIKE —

Strike's **TAPERED** body is echoed in its slim lever handle to create a simple yet **DISCERNING** look for your bathroom. Sure to be the next design classic.

WASTES

& TRAPS

Our tap ranges are perfectly complemented by our stylish and modern chrome plated bottle trap and collection of wastes. All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

Taps supplied with a pop-up waste include a waste outlet, pop-up rod and lifting mechanism. Please note that Revive, Solace, Strike, Melody, Voice, Q60, Hype, Kick, Lift, Blaze, Siren, Index and Logic mini and basin mixers are supplied with a click waste. For taps supplied without pop-up wastes, we have a few waste options as shown. Unslotted wastes are for use where no integral overflow is required in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

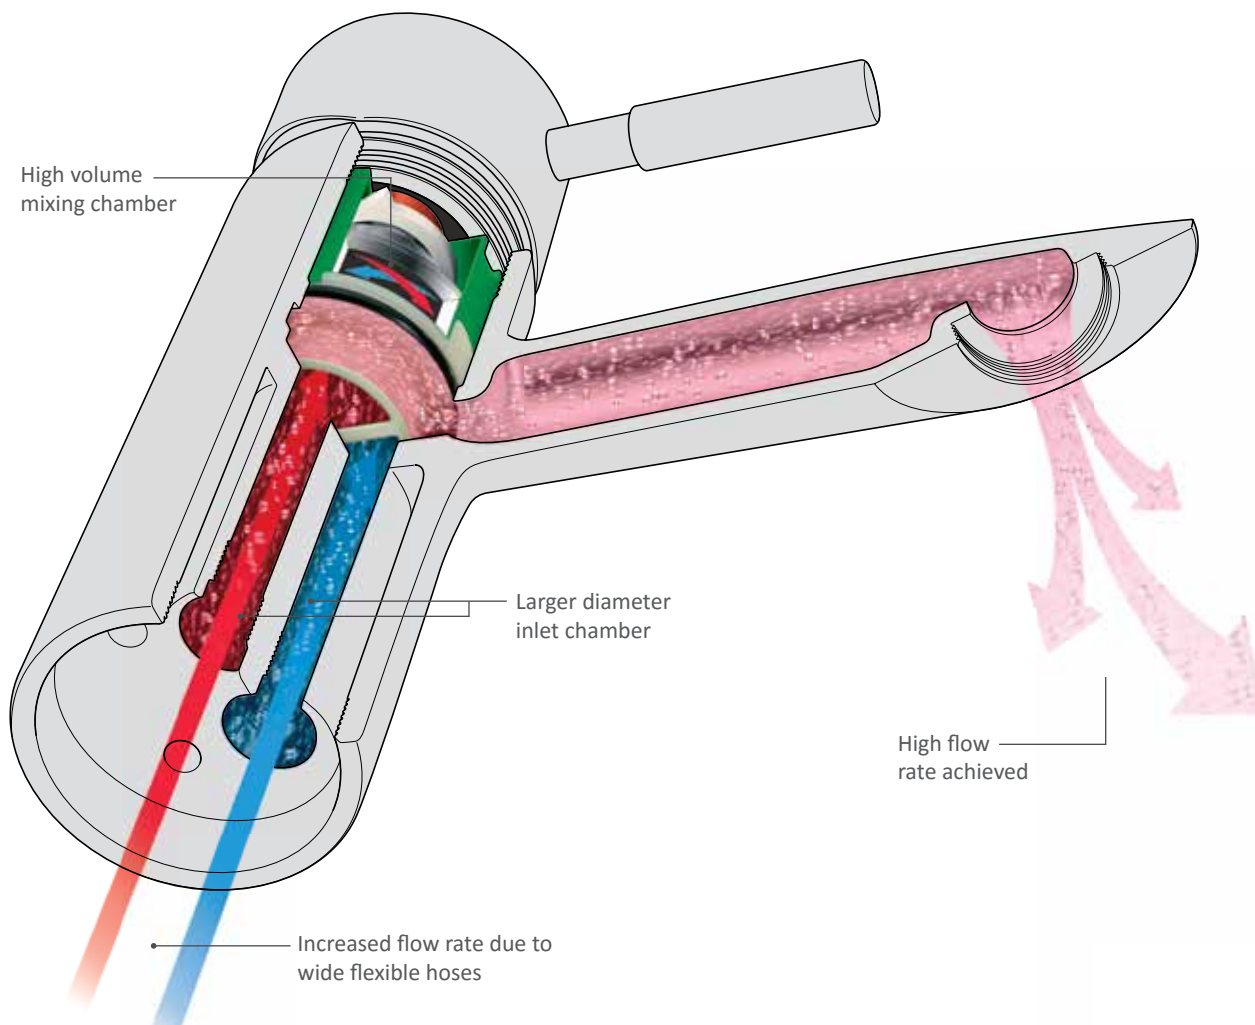

WASTES AND TRAP PRODUCT INFORMATION

8 Pop-Up Cable Bath Waste & Overflow (1020mm hose)	WASTE30	£38.70

DESIGN

DETAIL

Tap Operating Pressure

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems which are most commonly found in older properties.

European manufacturers tend to design taps suitable for more modern plumbing systems which can often cause problems when installed in a typical UK home, resulting in a disappointing flow rate when using the taps.

Tavistock's in-house design team have recognised this problem and engineered our taps so that all of them are suitable for use with both high and low pressure systems.

Most of our taps operate at 0.1bar or above (0.1bar is equal to 1 metre head of water). In plumbing terms this means, for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of water pressure at the tap.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, and again either your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.
