INSPIRING

# FURNITURE

Show your bathroom some love. Create a warm, welcoming space with our beautifully crafted furniture. It isn't just about clearing away the clutter - the right furniture will define your bathroom. Whether you prefer the modernity of gloss grey, the gleam of high gloss white, or the warmth of a real wood finish, you'll find a style that is right for you. Look out for special touches such as soft close doors and drawers and integrated handles.

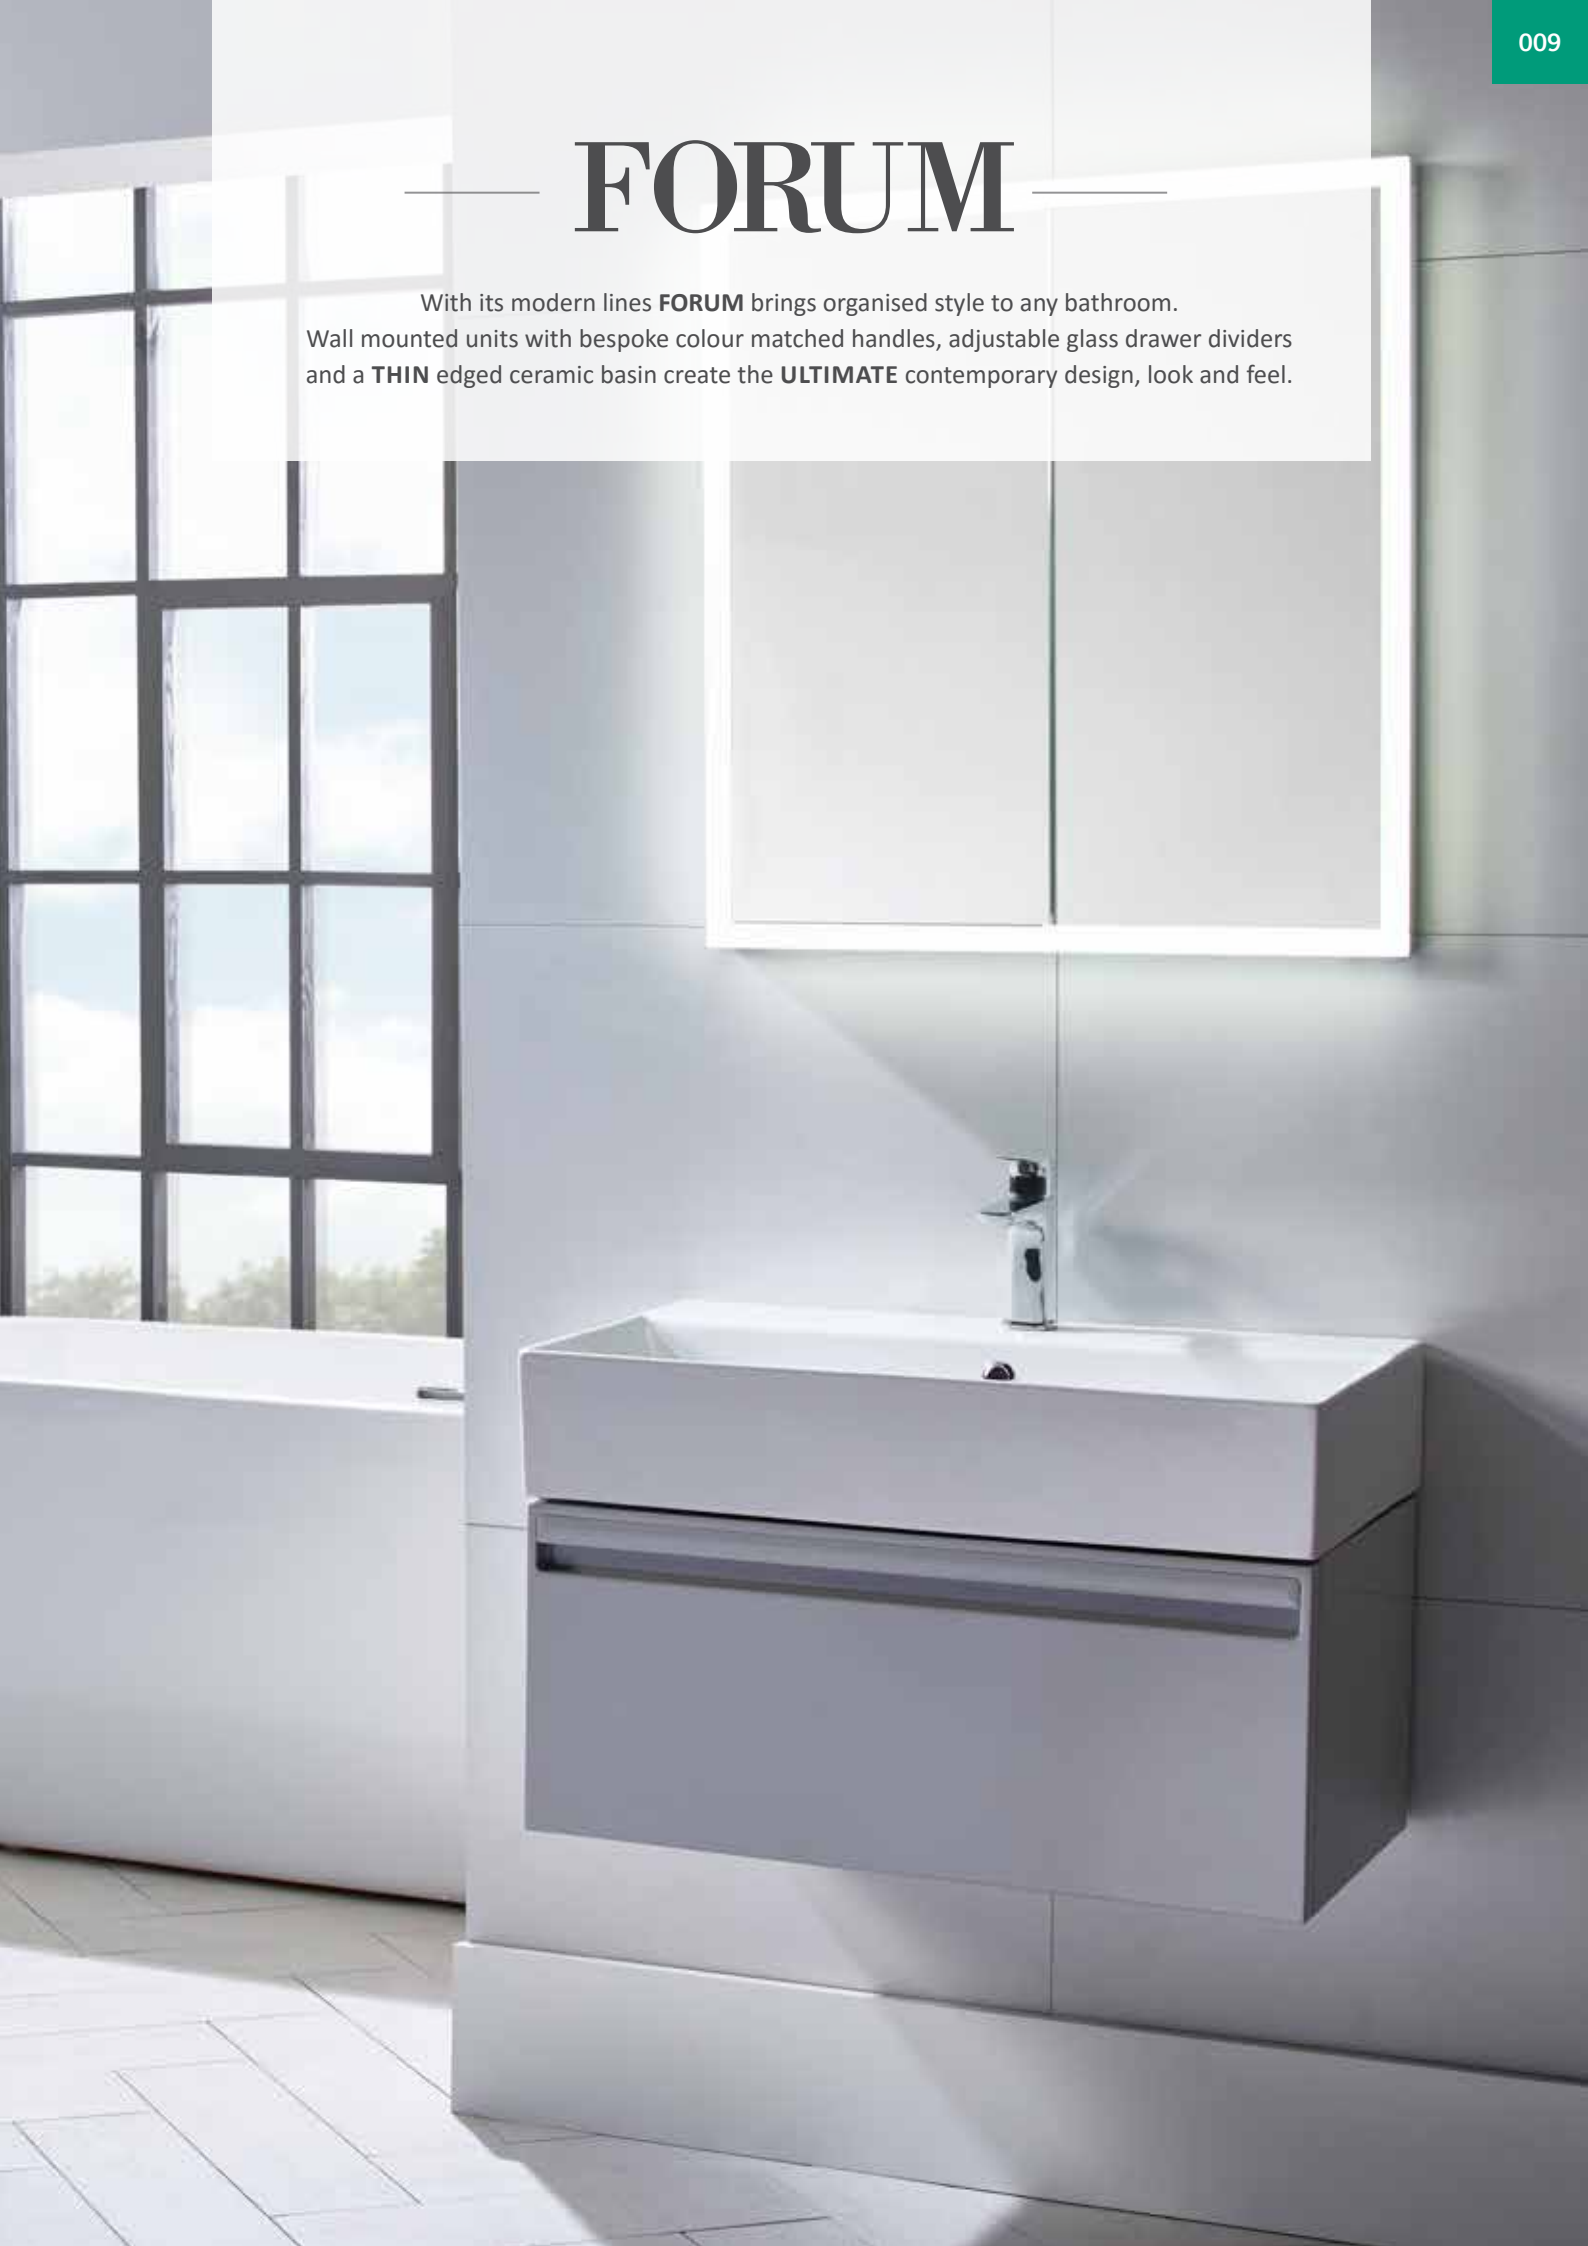

# FORUM

With its modern lines **FORUM** brings organised style to any bathroom. Wall mounted units with bespoke colour matched handles, adjustable glass drawer dividers and a **THIN** edged ceramic basin create the **ULTIMATE** contemporary design, look and feel.

## FORUM FEATURES & FINISHES

### Basins

Forum's thin edged ceramic basin comes in two sizes, 500 and 700mm with generous space for washing.

### Units

Forum wall mounted drawer units are a space efficient 420mm deep and include a coordinating colour matched handle (chrome option also available). Soft close drawers give a quiet controlled closure and there is an internal LED light. The internal glass dividers can be adjusted to suit a number of configurations which, along with non-slip mat and fully extending drawer runners, make for very practical storage.

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

## ARRAY FEATURES & FINISHES

### Basin & Worktops

Array's 550mm Isocast basin and worktops in three sizes have a modern matt finish. This makes for extremely durable worktops which can be cut to suit the basin positioning on installation. Alternatively choose the ceramic vessel basin option for a different look. Its softly oval shape has a generous wash space.

### Units

Array wall mounted drawer and open storage units are a space efficient 425mm deep and made from a super matt lacquered real wood veneer. Drawer units are soft close, to give a quiet controlled closure, and are finished with a sleek full width chrome handle. A complementary wall hung storage unit completes this extremely flexible, configurable range.

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

### Finish options

## CREATING YOUR ARRAY BATHROOM

The key to our contemporary modular Array range is its flexibility. The core units can be put together in a wide variety of configurations, giving you many different basin unit options. The choice is yours - from a single wall hung basin unit, with or without open storage, to a luxurious 1200mm 4 drawer 'his and hers' design.

Isocast worktops are available in 600, 900 and 1200mm lengths and are supplied uncut so that they can be prepared for the correct positioning of either basin option on installation.

There are two types of drawer unit, one of which has a cut-out for plumbing which should always be used directly underneath the basin. The other optional drawer unit, without cut-out, can be used either stacked underneath or alongside if desired to combine

to make a double drawer unit. Alternatively use it with a 300 or 600mm open storage unit to give a modern look which is just that little bit different. These open units have a glass shelf which adds to the contemporary styling.

The coordinating wall storage unit can be used left or right handed.

For an overview of the variety of configurations possible when using Array see overleaf on pages 18 and 19.

# SEQUENCE

If you are looking for something **COMPACT** and **STYLISH** then **SEQUENCE** is sure to fit the bill. In three modern gloss paint finishes it gives an up-to-date look and feel without compromising on style in small spaces.

## SEQUENCE FEATURES & FINISHES

### Basin

At a compact 450mm width, the Sequence ceramic basin fits neatly on top of the unit. It has a stylish curve to allow for a corner mounted tap, maximising the available wash space.

### Unit

The freestanding unit comes in three high gloss modern finishes, clay, white and light grey. The soft close door is topped with a discreet chrome handle.

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

# — LANSDOWN —

Bring back **CLASSIC STYLE** with Lansdown. Traditional 5 piece doors, grooved side panels and a **HAND PAINTED FINISH** in either linen white or pebble grey all contribute to the **TIMELESS FEEL**.

## LANSDOWN FEATURES & FINISHES

### Basin units

The flat fronted ceramic basins come in a variety of sizes to complement the classic styling of the Lansdown range. There is a wide choice of freestanding basin units, suitable for cloakrooms and family bathrooms.

There is also a semi-countertop basin unit which allows Lansdown to be assembled in a run with a worktop for a more fitted furniture look.

All units are hand painted and feature a solid wood frame with 5 piece doors and tongue and groove feature side panels to give a classically timeless appeal.

### Coordinating units & bath panels

Back to wall and storage units, a mirror and bath panels complete this beautifully understated range.

### Soft close doors

Lansdown units feature soft close drawers and doors to give a quiet and controlled closure.

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques. Such is our confidence that we can offer a 10 year guarantee on all furniture units.

# MATCH

If it's a sleek minimal solution for a **SMALL SPACE** you need, then look no further than Match. A basin unit cleverly paired with a back to wall unit, topped by an isocast basin with integrated worktop for a **SEAMLESS CONTEMPORARY LOOK**.

## MATCH FEATURES & FINISHES

### Isocast basin with integrated worktop

At just one metre long, the Match 1m basin with an integrated worktop area is extremely practical. It is manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. A basin depth of 380mm makes it very space efficient and it is available either left or right-handed to suit your room layout.

### Unit

A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit. Available in two contemporary cross-cut style textured wood finishes as well as gloss white, it is set off by touches of chrome on the discreet door handles and toilet panel trim. Installation is very easy, with no cutting required to fit the basin. We recommend use of the Tavistock Vortex cistern (see page 126).

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

# COURIER

This sleek collection is the ultimate in **STREAMLINED SIMPLICITY**. Available in wood or white finishes, this **VERSATILE** range can be used with standard ceramic basins or for a more **CONTEMPORARY** look opt for an isocast basin with integrated worktop.

## COURIER FEATURES & FINISHES

### 10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

### Floor cupboard

The Courier floor cupboard comes fitted with attractive chrome handles. It also benefits from a reversible door to allow for left or right handed opening.

### Basin choice

For a seamless contemporary look why not finish your Courier bathroom furniture with one of our new isocast basins with integrated worktop. These modern basins are extremely durable and practical, with a tough, easy-clean, glossy finish.

Alternatively use with a conventional semi-countertop basin and laminate worktop. See page 121 for the full

range of semi-countertop basins and overleaf on page 46 for laminate worktops, available in three lengths and two finishes.

### Soft close hinges

The semi-countertop unit and floor cupboard in this range are fitted with soft close dampers which are built into the hinges to give quiet, controlled closure.

### Easy installation

Courier back to wall WC and semi-countertop basin units benefit from removable fascias and plumbing voids for easy installation.

A high-angle, close-up photograph of a person's hands being washed in a sleek, white, modern sink. The person is wearing a blue and white striped shirt. The background shows a white tiled wall and a light-colored tiled floor. The lighting is bright and clean, emphasizing the hygiene and modern design of the sanitaryware.

INSPIRING

# SANITARYWARE

Clean lines, sleek surfaces, forward looking design. That's what you get with our range of sanitaryware. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall and semi-countertop options, suitable for use with bathroom furniture.

# — AGENDA —

Set the agenda for an **ELEGANTLY CONTEMPORARY** bathroom with a definite designer edge. With a **CHOICE OF WIDTHS** in 600, 700 and 800mm Agenda's stunning basin will make a real **STYLE STATEMENT**.

## AGENDA FEATURES

### Basin options

The Agenda basin is available in 600, 700 and 800mm widths. Its slim generous design and rounded corners make it a real style statement. It can be pedestal mounted or wall hung with a semi-pedestal or chrome bottle trap for an ultra contemporary look. Two semi-countertop basins are available for use with either standard or slim depth furniture.

### WC pans

The close coupled WC is very sleek and smooth. Its fully enclosed back to wall design makes it as nice to look at as it is easy to clean. The back to wall pan continues the contemporary styling for concealed cisterns.

### Toilet seats

There are two styles of seat, both made from quality thermoset plastic with soft close hinges. Both are quick release, with a simple push and lift to remove action, for easy cleaning. Choose either the wrap over style or the slim design seat to give a discreet contemporary finish to the WC.

### Cisterns

The close coupled cistern has a water-saving 6/3L flush.

# ION

**GEOMETRIC** styling comes to the fore with this range. Ion's square basin and short projection D-shaped WC pans make it a **MODERN CLASSIC** which works extremely well in **SMALLER** bathrooms.

## ION FEATURES

### Basin & pedestal

The square-shaped basin features a spacious wash area and central tap hole. It can be used with its coordinating pedestal or, for a more contemporary look, wall hung with a simple chrome bottle trap.

### WC pans

The Ion range has a whole host of WC options including a close coupled pan and 6/4L cistern, a back to wall pan, a wall hung and fully enclosed close coupled pan. Additionally, a comfort height pan, several centimetres taller than a standard pan, helps reduce the burden on those tired legs.

### Soft close toilet seat

The Ion wrap over design toilet seat complements this curvacious yet angular range and features soft close hinges to ensure controlled, quiet closure. Made from highly durable thermoset plastic with UV protection to prevent discolouration, it also features quick release, corrosion free top fix hinges for easy installation and removal for cleaning.

At 395mm in depth it's perfect for smaller bathrooms and en-suites. The semi-countertop basin options come in standard and slim depth, for use with furniture.

### WC pans

The short projection close coupled and back to wall WC pans in our Q60 range are also ideal where space is at a premium.

### Soft close toilet seat

The Q60 thermoset toilet seat features soft close hinges for quiet closure of the seat and ring, whilst the top fix mechanism allows for ease of installation.

### Cisterns

Compatible concealed cisterns for your Q60 back to wall pan can be found on page 126.

# WASTES

## & TRAPS

Our tap ranges are perfectly complemented by our stylish and modern chrome plated bottle trap and collection of wastes. All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

Taps supplied with a pop-up waste include a waste outlet, pop-up rod and lifting mechanism. Please note that Revive, Solace, Strike, Melody, Voice, Q60, Hype, Kick, Lift, Blaze, Siren, Index and Logic mini and basin mixers are supplied with a click waste. For taps supplied without pop-up wastes, we have a few waste options as shown. Unslotted wastes are for use where no integral overflow is required in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

# DESIGN

## DETAIL

### Tap Operating Pressure

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems which are most commonly found in older properties.

European manufacturers tend to design taps suitable for more modern plumbing systems which can often cause problems when installed in a typical UK home, resulting in a disappointing flow rate when using the taps.

Tavistock's in-house design team have recognised this problem and engineered our taps so that all of them are suitable for use with both high and low pressure systems.

Most of our taps operate at 0.1bar or above (0.1bar is equal to 1 metre head of water). In plumbing terms this means, for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of water pressure at the tap.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, and again either your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

## Tavistock Bathroom Safety

### ZONE 1

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash proof).

### ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

## BATHROOM SAFETY

### Mirrors Technical Information

All mirrors featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor.

Tavistock illuminated mirrors have been designed and independently tested for compliance to electrical equipment (safety) regulations.

All electrical connections should be made according to the latest national wiring regulations. Illuminated mirrors are suitable for installation in the bathroom within outside zones unless stated. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Illuminated mirrors are not suitable for installation in saunas, steam rooms, shower cubicles or above a bath tub. Products are only suitable for permanent installation. Installation by a suitably qualified electrician is required.

### Cabinets - Electrics

Our illuminated cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. Idea cabinets are only suitable for use outside zones 1 & 2 according to the latest IEE regulations. All Idea cabinets are class 1 insulated and require an earth connection.

### Infrared Sensor

All mirrors or cabinets featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor.
