DESIGN, CREATE, INSPIRE

All Tavistock products are designed at our offices in the beautiful spa city of Bath. From here we control every stage of the product life cycle.

We're not just about bathroom furniture - we offer a one stop shop as our extensive range of product also includes sanitaryware, taps and showers. For those finishing touches we've got a great choice of mirrors, cabinets, toilet seats and bath panels. Perfect for an instant bathroom revamp.

Our highly experienced team of researchers, developers and technical experts are constantly monitoring new trends and rigorously testing advancements in technology.

With Tavistock, you can count on the highest levels of service and reliability, but what makes us special is our in-house design team. Excellent design is of the utmost importance

to us, so we design all of our products in-house to ensure our perspective remains fresh and innovative. We source outstanding quality materials and craftsmanship so that every Tavistock product not only looks good but fulfils its purpose, time after time.

With extensive guarantees across our entire range, you can choose every Tavistock product with complete confidence.

FURNITURE COLLECTION

CADENCE

The Cadence Collection

Sophistication made simple. A clean and refreshingly uncomplicated design, Cadence's angular form perfectly captures understated style. Choose from an extensive collection that includes six sizes in four finishes with a host of handle choices and in-drawer lighting & storage options.

CREATE YOUR BESPOKE CADENCE BATHROOM

Designed to offer you complete design flexibility, our Cadence collection is customisable, allowing you to create a configuration as unique as your home. Choose your unit size, select your choice of basin & pick from an array of contemporary finishes & coordinating handles. Follow the steps below to bring a singular touch to your bathroom scheme.

01

Select the size of your basin

Take stock of the size of your bathroom, considering floor space and unit placement. If space is tight, you might benefit from a smaller wall-hung option or even a compact cloakroom option. There are four wall mounted options in 500, 600, 800 and 1200mm widths as well as a 500mm freestanding unit. For a smaller cloakroom or ensuite solution we have a 400mm wide unit, which will fit perfectly.

02

Choosing your basin style

Define the look of your unit with either a ceramic or Isocast basin. Available in 400, 500, 600, or 800 widths, a ceramic basin offers a streamlined shape cast from a timeless, traditional material. An Isocast basin has a clean, precise, low profile design. Available in 500, 600, 800 sizes, as well as a statement-making 1200mm 'his and hers' basin.

03

Your finish options

Create an artful bathroom with a finish that sets the tone for rest, ritual and relaxation. Carefully considered, each of our four finish options adds a depth and interest that complements the simple styling of Cadence. Available in a choice of lustrous gloss or matt, our finishes expand from a neutral gloss white and light grey, to a deep, sophisticated oxford blue. Finally, a subtle tundra wood adds a natural touch.

04

Handle choices

Create a vanity as beautiful as it is functional with your choice from the extensive Cadence handle collection. Keep the whole look minimalist by using chrome or black drawer top handles or opt for a practical wide front-fixed pull option for a fresh take on the industrial look. A matt black handle option will add interest to create a highly personalised vanity. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

05

Useful storage box solutions

Further personalise your unit and declutter your space by adding Cadence solid wood storage boxes to your drawers. Incredibly useful, with five storage box styles including an L-shaped design with optional additional lids. Either choose one of the suggested configurations to fit your unit, or select your own mix to best suit your storage needs.

06

Add lighting for the perfect finishing touch

For the perfect finishing touch, light up your Cadence unit with an elegant lighting kit. The kit lights up the drawer to help you find what you need. Easy to use and operated by simply touching the side of the unit, this sensor is discreetly hidden from sight.

CADENCE FURNITURE

Years of experience and an understanding of exemplary design informs our furniture designs, and our Cadence collection is no exception.

Precise and restrained, this refined unit brings an understated silhouette to our furniture collection which is ideal for the modern home. Available in freestanding and wall hung variations, this versatile design lends a sophisticated edge to your bathroom space. Six size options give flexibility and choice, from a compact cloakroom unit to a statement 'his and hers' double vanity. Available in four of-the-moment colours in gloss, matt, and textured finishes.

CADENCE BASINS

Your choice of basin design will further enhance the styling of your Cadence unit. Whether you opt for a ceramic or Isocast basin, all are crafted from durable, timeless materials.

Perfectly proportioned and designed to sit beautifully in your basin unit, our ceramic basin options are available in 450, 500, 600 and 800 sizes. Expertly cast from ceramic, this polished material lends enduring style to your bathroom.

A clean, durable and contemporary alternative to a ceramic basin, our Isocast basins offer a sleek, streamlined surface and a generous wash space. Available in 500, 600, 800 and 1200 widths, Isocast enables the creation of basins with a defined, precise profile.

A Personal Touch

CADENCE HANDLES

Individual touches, allow you to create a layered bathroom scheme unique to your home.

Our extensive collection of handles and knobs gives you plenty of choice to complement your furniture unit. For a discreet integrated option, opt for a sleek draw-top handle. A refined matt black handle or modest round chrome pull can add texture and interest to even the simplest of fascia. Clean and contemporary, each of our hardware options combine style with a satisfying grip.

CADENCE LIGHTING

Our strong focus on practical design means that we aim to create products that make daily life that little bit better.

Clever and innovative, each of our units come with the option of convenient in-drawer lighting.* Touch activated, these discreet lighting kits are ideal for illuminating dimly lit and darker corners of your unit, ensuring all your bathroom essentials are visible and easily within reach.

*excluding the cloakroom unit

There are a host of ways to configure your Cadence internal drawer storage. We have put together some suggested configurations below or choose your own set up.

500mm units

600/1200mm units

800mm units

CADENCE STORAGE

We think about the little things in life too. A place for everything and everything in its place. Cadence in-drawer storage keeps everything just where you can find it. Opt for one of the suggested configurations to fit your basin unit or refer to page 25 and specify your own set up.

COMPASS

The Compass Collection

If you're searching for a new direction, then look no further than this super stylish range. Compass has smooth curved edges and a luxuriously deep ceramic basin that's sure to impress, whilst the extra thick doors and robust construction show it is built to last.

COMPASS FEATURES

Basin Units

The Compass range features compact 450mm & 500mm units, which offer the perfect solution of basin and storage ideally suited in cloakrooms and smaller bathrooms. For those who want extra storage space, there's a choice of 600mm and 800mm units, available in either freestanding or wall mounted styles. There is also a very practical 600mm double drawer freestanding unit with plentiful storage.

Compass features a deep ceramic basin giving generous wash space. Fully extending drawer runners make it easy to access to all your bits & bobs.

Soft Close Drawers & Doors

Compass doors are fitted with extra wide opening, soft close hinges offering easy access as well as giving controlled and quiet closure. The drawer units also features soft close drawer runners.

Complete your Match bathroom furniture by pairing it with our ultra modern Aerial WC. See page 93 for further details.

MATCH FEATURES

Units
A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit. Available in 6 finishes with a choice of on-trend painted finishes including oxford blue, light gloss grey, gloss clay & gloss white, or the warmth of either of our contemporary textured wood finishes; tundra or havana oak. Simple chrome detailing and discreet door handles blend together perfectly, making it ideal for any modern bathroom interior. Installation is very easy, with no cutting required to fit the basin. We recommend use of the Tavistock Vortex Cistern see page 136.

Isocast Basin with Integrated Worktop
At just one metre long, the Match basin with integrated worktop area is extremely practical. It is manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. A depth of 380mm makes it very space efficient and it is available either left or right-handed to suit your room layout.

COURIER

The Courier Collection

This sleek range is the ultimate in streamlined simplicity. Available in wood or white finishes, this versatile range can be used with standard ceramic basins or for a more contemporary look opt for an isocast basin with integrated worktop.

Basin Options

Isocast Basins
Pair your Courier unit with an Isocast basin and integrated worktop for a seamless look
See page 58

COURIER FEATURES

Basin Options

For a seamless contemporary look why not finish your Courier bathroom furniture with an isocast basin and integrated worktop. These modern basins are extremely durable and practical, with a tough, easy-clean, glossy finish.

Alternatively use with a conventional semi-countertop basin and laminate worktop. See page 127 for the full range of semi-countertop basins and overleaf on page 58 for laminate worktops, available in three lengths and two finishes.

Floor Cupboard

The Courier floor cupboard is fitted with attractive chrome handle and benefits from a reversible door to allow for left or right handed opening.

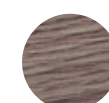

Easy Installation

Courier back to wall WC and semi- countertop basin units benefit from removable fascias and plumbing voids for easy installation.

LANSDOWN

The Lansdown Collection

Bring back classic style with Lansdown. Traditional 5 piece doors, grooved side panels & a muted palette of hand painted finishes all contribute to the timeless feel.

Coordinate
Vitoria WCs
 Pair your Lansdown basin unit with a classic Vitoria WC & matching seat. See pages 122 - 127

LANSDOWN FEATURES

Basin Units

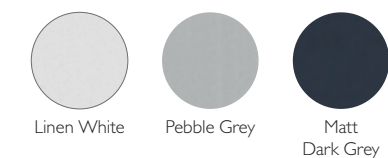

The generous flat fronted ceramic basins complement the classic styling, while providing ample wash space regardless of size. There is a choice of freestanding basin units with sizes suitable for cloakrooms as well as family bathrooms. If you wanted to create a truly classic feel, why not opt for an underslung basin unit, especially when used together to create a statement 1200mm double basin unit. The Lansdown range features traditional cabinetry techniques, using 5 piece door construction with tongue and groove side panels. All units feature soft close doors.

There is also a semi-countertop basin unit which allows Lansdown to be assembled in a run with a worktop for a more fitted furniture look.

Coordinating Units, Bath Panels & Toilet Seats

Back to wall and storage units, a mirror and bath panels complete this beautifully understated range. Soft close wooden toilet seats are also available in coordinating finishes.

Finish Options

LANSDOWN FURNITURE RUN

The versatility of Lansdown furniture enables you to assemble a number of the units together in a run along with your choice of worktop to create a compact run of bathroom furniture. Achieve this using a semi-countertop basin unit, back to wall WC unit, adding a floor cupboard if you need some extra storage.

Complete the look of your Lansdown bathroom by pairing it with the classic Vitoria semi-countertop basin and back to wall WC and a coordinating toilet seat.

See pages 122 - 127 for further details on the Vitoria basin & WC collection.

VITORIA

The Vitoria Collection

Bring a touch of classic design to your bathroom with Vitoria. The elegant, timeless styling is the perfect bathroom solution for a period home.

VITORIA FEATURES

Basin Units

The traditional lines of Vitoria basin units create the perfect look for a period bathroom. Choose the freestanding unit with 1 or 2 tap hole ceramic basin or, for a more traditional style, opt for the underslung basin unit. The hand painted finish in muted tones adds to the classic feel.

Complete the look with coordinating bath panels & toilet seats.

Cloakroom Unit

A 500mm wide slim depth basin unit is also available, ideal for the cloakroom. Team with a coordinating Vitoria WC to complete the look.

CHOOSING YOUR BASINS & WCs

Clean lines, sleek surfaces, forward looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall WCs and semi-countertop basin options, suitable for use with bathroom furniture.

Orbit Standard Depth
Semi-Countertop Basin

Vitoria 605mm
Basin & Pedestal

WC OPTIONS

We have a variety of WC options available and are sure to have the perfect solution for your new bathroom. Close coupled WCs are a conventional style toilet where the cistern sits on top of the pan.

COMFORT OPTIONS

We offer a range of comfort height solutions too. Sitting several centimetres taller than standard WCs they are perfect for taller, less able or elderly users. Our Aerial range also features an extra wide seat, offering total comfort for the user.

BACK TO WALL WCs

For a space saving, minimal, contemporary look opt for a back to wall WC, where the cistern is concealed either in a furniture unit or behind a wall.

WALL HUNG WCs

For a clean, clutter-free look opt for a wall hung WC which being lifted off the floor gives the illusion of more space in a smaller bathroom. If considering a wall hung WC you will also need to purchase a suitable WC frame to support it.

TRADITIONAL WCs

If you want to achieve a traditional look opt for our timeless Vitoria range which also includes high and low level WCs, see page 127.

BASIN OPTIONS

Our basins come in a range of sizes of both contemporary and classic styles to suit your needs. We have basins suitable for use with or without a pedestal. Our collection also includes semi-countertop basins perfect for fitted furniture and cloakroom options.

Close Coupled WC

Ion Back to Wall WC

Smart Design

MAKING LIFE A LITTLE EASIER

Our WCs are designed with convenience in mind. Rimless technology makes our WCs easy to clean and means that germs have nowhere to hide as water is projected around the bowl, ensuring it is completely clean. This coupled with a quick release seat will make cleaning your toilet a breeze.

THE PERFECT FLUSH

Add the perfect finishing touch to your back to wall or wall hung WC with one of our sleek flushing options. We have a wide variety of choice, from a simple yet elegant chrome push button to a more hi-tech contactless sensor. For those looking for a classic feel we also offer a traditional styled chrome flush plate.

PEACE OF MIND

All our products are guaranteed against defective workmanship or materials.

Such is our confidence in the quality of our basins and WCs we offer a 20 year guarantee, excluding cistern fittings which have a 5 year guarantee.

For wall hung WC frames the metal frame has a 10 year guarantee, all other components are covered by a 5 year guarantee.

Our toilet seats also benefit from a 5 year guarantee, with the exception of the Vitoria solid oak seat which comes with a 2 year guarantee.

AERIAL

The Aerial Collection

An uncomplicated and ergonomic style, Aerial has been designed to make life a little more comfortable. All Aerial WCs are both taller and wider for optimum comfort. The rimless design ensures they are also easy to clean.

AERIAL FEATURES

Semi-Countertop Basin
The softly geometric semi-countertop basins combine slim ceramic sides with generous wash space. They look great when used with either standard or slim depth Tavistock fitted furniture & feature a single tap hole.

Comfort Design
Ideal for those who stand a little taller or have mobility issues, all Aerial Comfort Height WCs sit several centimetres higher than standard toilets, meaning less strain on the knees and back. Designed for optimum comfort all Aerial WCs also feature a wider seat.

WCs & Rimless Design
The smooth-sided design of Aerial's WCs work with any modern bathroom and makes them easy to keep dust-free. Also available in back to wall or wall hung versions, they all feature Easi-clean rimless technology which makes them exceptionally hygienic and easy to clean on the inside as well.

Soft Close WC Seats
Aerial WCs have a low profile, high quality thermoset wrapover seat, fitted with a soft close mechanism and top fix hinges for easy removal and cleaning.

EASI-CLEAN
Blow the lid on germs with our rimless WC technology. The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide. Water is projected around the bowl to ensure it is completely clean.

ORBIT

The Orbit Collection

The contemporary smooth, rounded styling of Orbit is bound to pull you in. A hygienic rimless WC design with Easi-clean technology adds to its stellar appeal.

ORBIT FEATURES

Wash Basins
The extra thin edged basin design with 1 tap hole for monobloc mixers offers a generous wash space. It can be used with a coordinating pedestal or, for a more contemporary look, wall hung with a simple chrome bottle trap.

WCs
The Orbit fully enclosed close coupled WC is sure to become a design classic, with its rounded contemporary styling. Also available in back to wall or wall hung versions, they all feature Easi-clean rimless technology which makes it exceptionally hygienic and easy to clean. The short projection designs make Orbit a great choice where space is tight.

Soft Close WC Seats
Orbit WCs have a low profile high quality thermoset wrap over seat fitted with a soft close mechanism with top fix hinges for easy removal and cleaning.

ION

The Ion Collection

Geometric styling comes to the fore with this range. Ion's square basin & short projection D-shaped WC pans make it a modern classic which works extremely well in smaller bathrooms.

ION FEATURES

Wash Basins
The square-shaped basin features a spacious wash area and central tap hole and for a contemporary look it is wall hung with a simple chrome bottle trap. Three semi-countertop basins are also available.

The semi-countertop basin options are available in standard and slim depth, for use with fitted furniture.

WCs
The Ion range has a whole host of WC options including close coupled, back to wall and fully enclosed close coupled. Additionally, a comfort height WC, several centimetres taller than a standard WC, helps reduce the burden on those tired legs.

Soft Close WC Seats
The Ion wrap over design toilet seat complements this curvacious yet angular range and features soft close hinges to ensure controlled, quiet closure. Made from highly durable thermoset plastic with UV protection to prevent discolouration, it also features quick release, corrosion free top fix hinges for easy installation and removal for cleaning.

Q60 FEATURES

Wash Basins
The Q60 570mm basin can be used with Q60 furniture, alternatively the basin can be wall mounted with a chrome bottle trap. At 395mm in depth it's perfect for smaller bathrooms and en-suites.

The semi-countertop basin options come in standard and slim depth, for use with furniture.

WCs
The short projection close coupled and back to wall WCs in our Q60 range are also ideal where space is at a premium. A comfort height WC option, several centimetres taller than a standard WC, helps reduce the burden on those tired legs.

Soft Close WC Seats
The Q60 thermoset toilet seat features soft close hinges for quiet closure of the seat and ring, whilst the top fix mechanism allows for ease of installation.

Cisterns
Compatible concealed cisterns for your Q60 back to wall pan can be found on page 132.

Coordinate your Q60 WC by pairing it with a bathroom unit from our Q60 furniture collection. See pages 60 - 61 for further details.

MICRA

The Micra Collection

Small but perfectly formed Micra is designed for the smaller bathroom, cloakroom or en-suite. Flexibility is the key here, with an extensive range of sanitaryware with clever space saving ideas.

MICRA FEATURES

Wash Basins
Choose from a variety of basins including several suitable for smaller bathrooms or cloakrooms. Alternatively opt for a semi-countertop basin with bathroom furniture. Both 565mm and 450mm basins are available in 1 or 2 tap hole configurations and can be used on a pedestal or wall mounted.

Comfort Height WCs
Sitting 70mm higher than a standard toilet, the Micra close coupled and back to wall WCs are extra comfy to use.

Short Projection WCs
The short projection close coupled and back to wall WCs in our Micra range are ideal where space is at a premium, plastic with UV protection to prevent discolouration, it also features quick release, corrosion free top fix hinges for easy installation and removal for cleaning.

Soft Close WC Seats
Micra WCs have a choice of two toilet seats. The Micra soft close thermoset seat option features soft close hinges for quiet closure of the seat and ring, with a neat quick release function for easy cleaning, whilst the top fix mechanism allows for ease of installation.

Cisterns
Compatible concealed cisterns and frames for your Micra back to wall WC, including a comfort height concealed cistern, can be found on page 132.

VITORIA

The Vitoria Collection

Introducing the elegant and timeless styling of Vitoria sanitaryware.
The perfect bathroom solution for a period home.

VITORIA FEATURES

Wash Basins

Vitoria basins are available in both round and square configurations, with one tap hole or 2 tap holes to suit the style of your bathroom, both with chrome overflow cover and coordinating pedestal. A 2 tap hole cloakroom basin is also available. All 2 tap hole basins have provision for a chain stay waste. Choose the chrome washstand for a classic feel.

WCs

You have the option of high level, low level, close coupled or back to wall WCs. High and low level WCs feature chrome plated brass downpipes. Low level and close coupled WCs have full flush and reduced flush operation (6/4L) with a ceramic cistern handle. The high level WC has ornate brackets and a 6L flush.

Soft Close WC Seat

Wooden soft close seats incorporate a chrome plated bar hinge featuring top and underfix options with adjustable fitting. The natural oak seat is solid oak. Alternatively choose painted gloss white or a finish to coordinate with your Vitoria or Lansdown furniture.

* Excludes the solid oak seat which benefits from a 2 year guarantee

CONTACTLESS DUAL FLUSH SENSOR

The contactless flush sensor kit is compatible with our pneumatic concealed cisterns, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet decal is included to indicate sensor location if desired.

Contactless Dual Flush Remote Sensor Kit
Use with concealed cisterns
Sensor - TR9014 **£115.00**

FLUSH PLATES

Complete the look with a flush plate to suit your design.
Compatible for use with our wall hung frames or as an optional upgrade for cisterns.

Square Flush Plate - Chrome
210(w) x 137(h)mm

TOUCH SENSOR DUAL FLUSH PLATE

Touch Sensor Dual Flush Plate
Black
210(w) x 137(h)mm
Flush Plate - TR9016 **£138.00**

Go for an ultra-contemporary option with our sleek, black glass-fronted sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on our wall hung WC frames or in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.
(Not recommended for slim depth furniture)

TAP COLLECTION

CHOOSING THE RIGHT TAP FOR YOU...

Taps are no longer just a minor detail, they're the finishing touch. The right tap choice must combine the two key ingredients of design and functionality, and with this in mind we have designed a collection of taps which delivers both. There is something to suit all bathroom styles, from sleekly contemporary to charmingly traditional.

We have a variety of taps and styles depending on your bathroom requirements.

BASIN MIXERS & MINI MIXERS

Both contemporary and classic styles are available, with ceramic cartridge technology to give smooth, easy to use action and accurate flow control. For smaller basins or cloakroom furniture opt for a mini mixer to keep things in proportion. For an ultra-contemporary look, go for one of our stylish matt black basin mixers.

BASIN TAPS

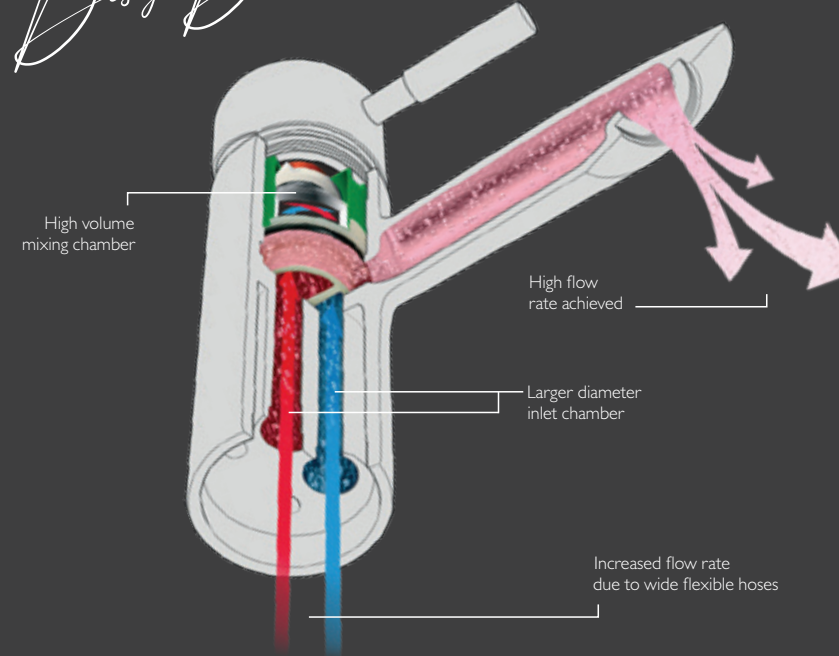

Our classically styled tap ranges also offer basin taps, for separate control of hot and cold water.

BATH FILLER, BATH SHOWER MIXER

Fill your bath with a deck-mounted bath filler in a contemporary or classic design and mix hot and cold water from a single spout. Alternatively upgrade to a bath shower mixer. The shower handset is really useful for washing hair or cleaning the bath.

Design Detail

TAP OPERATING PRESSURE

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems commonly found in older properties.

Some manufacturers tend to design taps suitable for modern plumbing systems which can often cause disappointing flow rate when using the taps in UK homes. Tavistock's in-house design team have

recognised this problem and engineered our taps for use with both high and low pressure systems. Most of our taps operate at 0.1 bar or above.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a

suitable water pump, your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

CERAMIC DISC TECHNOLOGY

All of our taps are built to the highest technical specification, including the internal components. With a smooth and easy to use action, the ceramic discs in our basin mixers and bath fillers mean that a simple lift of the handle for basin mixers and a quarter turn for bath fillers takes the tap from completely off to fully on. So practical, and incredibly durable even after years of use.

PEACE OF MIND

All our products are guaranteed against defective workmanship or materials.

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to offer a 10 year guarantee (including cartridge) with all of our taps.

STYLE GUIDE

Discover our collection of bathroom taps with designs which cover all styles, from modern basin mixer to traditional basin taps to suit a classic bathroom.

WASTES & TRAPS

Our tap ranges are perfectly complemented by our stylish bottle traps and collection of wastes.

Most of our taps are supplied with a click waste. Varsity basin mixer has a pop-up waste which includes a waste outlet, pop-up rod and lifting mechanism. For taps supplied without a waste, we have a few waste options as shown below. Unslotted wastes are for use where there is no integral overflow in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

SHOWER COLLECTION

TAVISTOCK SHOWER SYSTEMS

Our shower collection simplifies the buying process for you by offering complete shower systems for a ready-to-install solution. They cover a wide range of styles from classic to contemporary and round to square design. We have a choice of valve options, depending on your bathroom styling and the number of showering functions you need.

Choose from our collection of concealed, exposed or bar shower valves. We have a variety of single function (operating a single shower component only, such as a shower handset) or dual function valves (operating two shower components, such as a shower handset and an overhead shower head).

CONCEALED VALVES
If you prefer a sleek, clean look then opt for a concealed shower valve, with the valve hidden in the wall and a cover plate. This has the added benefit of flexible plumbing enabling you to position the valve away from the shower flow, so you can turn the shower on without getting wet until you want to. Classic and contemporary styles are available.

EXPOSED VALVES
An exposed shower valve offers a simple installation solution as the valve showcases all working parts. Perfect for a traditional period style bathroom, making it just the right finishing touch.

BAR VALVES
Our contemporary bar valves are easy to install, with all of the components mounted on the wall. Some of our bar valve shower system options are also available with a useful integrated shelf, a handy spot for your shower gel and shampoo. Look out for the 'Cool Touch' options, designed to stay cool to the touch during use.

Turn handle for water flow to outlet

Contemporary dual function concealed valve

Turn handle for temperature control

Contemporary dual function bar valve

Classically designed dual function exposed valve

Your Choice

SAFE SHOWERING
Our shower systems feature anti-scald thermostatic control, which ensures that your preferred water temperature is maintained without risk of unexpected temperature changes due to water usage elsewhere in the household.

Tavistock shower systems also benefit from automatic shutdown should the cold water pressure suddenly fail, guaranteeing you a safe showering experience.

THERMOSTATIC TECHNOLOGY
All of our shower valves are built to the highest technical specification. Our shower valves have been designed to ensure smooth, precise temperature control of the water flow from your shower system.

PEACE OF MIND
All our products are guaranteed against defective workmanship or materials. Such is our confidence in the quality of our shower systems that we offer a 10 year guarantee, which includes the thermostatic cartridge. How's that for assurance?

CONTEMPORARY SHOWER SYSTEMS

Exemplary design, clean lines and utilitarian elegance form the basis of our contemporary shower collections. Each element is engineered with the highest quality components for uncompromising performance and durability. With many styles and showering configurations available, our comprehensive range gives you maximum choice and flexibility.

Make a Statement

ZONE

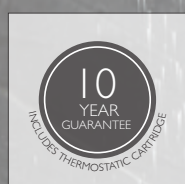

Smartly tailored with clean lines and a precise silhouette, our Zone shower system embodies functional design and an ultra-contemporary style. The dual function valve controls water flow to the fixed shower head and shower handset.

Zone Dual Function Bar Valve with Shower Head & Handset

- Min recommended pressure 1.0bar
- Fixed shower head
- Adjustable height riser rail
- Single function shower handset
- Automatic shut down if cold water pressure should suddenly fail
- Anti-scald thermostatic control for safe showering
- Built-in limescale resistance
- Stainless steel hose
- Easy fit compression fixing kit supplied for quick and easy installation

- Complete shower kit ready to install

SVA0214 £535.00

MIRROR & CABINET COLLECTION

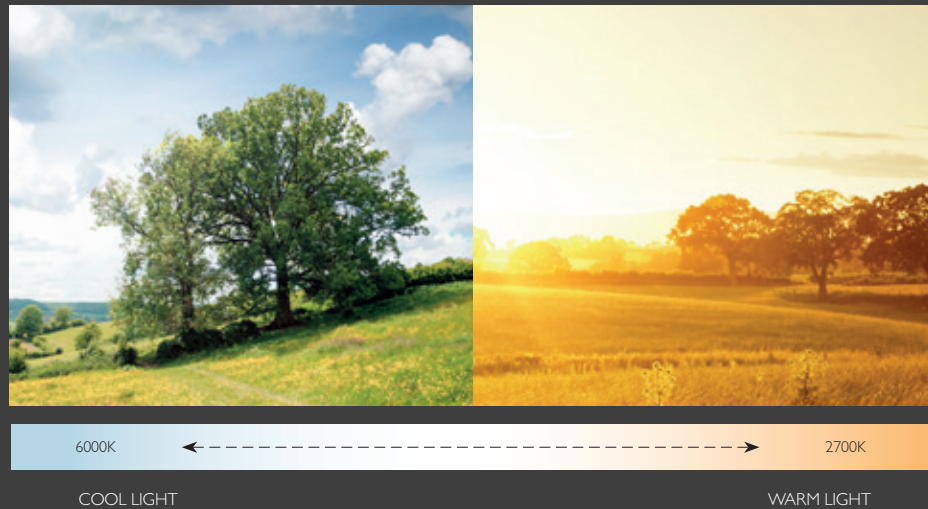

CHOOSING THE RIGHT MIRROR

Choosing an illuminated mirror will help enlarge even the smallest of spaces, reflecting light around the room and brightening your day. A host of useful features such as **Bluetooth®** wireless technology, heated demister pads and integrated recharging sockets will make you wonder how you ever managed without one.

LIGHT TEMPERATURE CHANGING TECHNOLOGY

This lets you create the perfect bathroom environment by enabling you to adjust the warmth of your mirror illumination to suit both the task in hand and time of day. Kick-start your day with bright, invigorating daylight. Then choose a natural light to apply make-up and a warm light for sleepy late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White). You can also adjust the intensity of the light to be as bright or as dim as you wish.

BRING MUSIC TO YOUR BATHROOM

Catch up with the morning news during your shower or listen to your favourite playlists with **Bluetooth®** wireless technology. Easily pair your device with our innovative music mirrors featuring quality integrated speakers.

FOR YOUR CONVENIENCE

A convenient integrated recharging socket, suitable for electric shavers and toothbrushes is included with our Realm mirror.

STEAM FREE

Many of our mirrors feature a heated demister pad to keep your mirror steam-free. You'll really appreciate never having to wipe it down again!

The heated demister pad heats the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

TOUCH FREE OPERATION

Many of our mirrors have an infrared on/off switch which lets you activate the lighting without even touching your mirror. Simply move your hand in front of the sensor to activate.

Important: When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

SOMETHING TO SUIT ALL BATHROOMS

We always think about how you may need to use our products, given both space constraints in bathrooms and design choices. We have a wide selection of mirrors in different shapes and sizes so there is bound to be something just right for your bathroom, no matter how big or small.

BATHROOM SAFETY

Tavistock mirrors have been tested for compliance with electrical equipment safety regulations. Our illuminated mirrors are IP44 rated and suitable for use within the bathroom.

CLARION

Effortlessly enjoy music in the heart of your bathroom with the Clarion LED Mirror; equipped with **Bluetooth®** wireless technology & integrated stereo speakers. Easy to use, simply pair with your **Bluetooth®** mobile or tablet, then use your device to control your choice of music.

- **Bluetooth®** wireless technology
- Integrated stereo speakers
- Bright practical, energy saving LED lighting
- Heated demister pad prevents mirror steaming up
- Infrared on/off sensor to operate lighting and heated demister pad
- IP44 rated - for safe use in the bathroom

Clarion Illuminated Mirror

CHOOSING THE RIGHT CABINET

If you're looking for additional storage, a mirrored cabinet can help to create a calm, clutter-free space. Tavistock has an extensive collection of cabinets with a host of useful features to choose from. Heated demister doors keep things steam-free and light temperature technology puts you in control of the illumination of your bathroom.

LIGHT TEMPERATURE CHANGING TECHNOLOGY

This lets you create the perfect bathroom environment by enabling you to adjust the warmth of your cabinet illumination to suit both the task in hand and time of day. Kick-start your day with bright, invigorating daylight. Then choose a natural light to apply make-up and a warm light for sleepy late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White). You can also adjust the intensity of the light to be as bright or as dim as you wish.

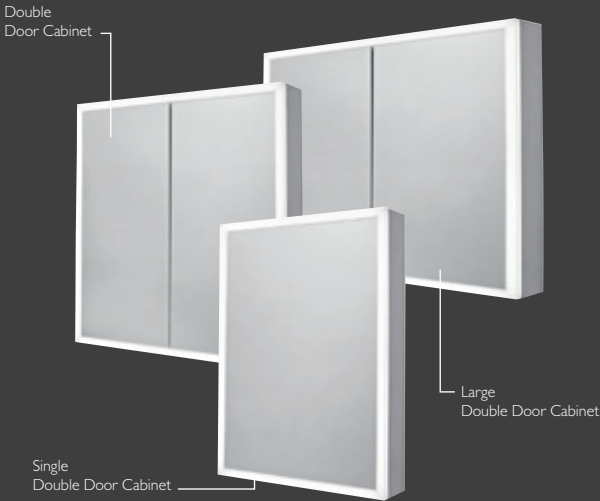

COMPLETE HARMONY
Aluminium bathroom cabinets work well with all basin units, however we have a number of cabinets with a gloss white finish which will coordinate with your Tavistock bathroom furniture.

PERFECTING THE AMBIENCE
Dimmable lighting has been added to a number of our cabinets to allow you to control the brightness of the light in your bathroom no matter what the time of day or night.

INTUITIVE TECHNOLOGY
Our Slide cabinets feature an intuitive touch slider switch which enables you to adjust both the warmth and brightness of the LED lighting. Simply slide your finger up and down the sensor to operate.

SOMETHING TO SUIT ALL BATHROOMS
At Tavistock we are mindful that bathrooms come in all shapes and sizes. That's why we have ensured our cabinets offer a selection of sizes to suit any bathroom, no matter how big or small.

STEAM FREE
Many of our cabinets feature heated demister doors to keep your cabinet steam-free. You'll really appreciate never having to wipe it down again! The heated demister pad heats the mirrored doors to a few degrees above room temperature within 2-3 minutes, preventing them from misting in even the steamiest of bathrooms.

SLIDE

- Available in two sizes 500mm & 650mm wide
- An intuitive slider touch sensor enables you to activate the lighting. Variable & dimmable LEDs adjust the LED warmth and brightness to suit your task. Simply slide your finger up and down the touch sensor to operate
- An integrated heated demister pad will prevent the cabinet reflection from misting in even the steamiest of bathrooms
- A conveniently positioned charging socket keeps your electric shaver or toothbrush fully charged
- Three shelves, provide ample storage for all your bathroom products
- Soft close hinges allow for smooth, quiet closure of the door
- Solid, robust aluminium-bodied construction makes your Slide cabinet hardwearing, rust proof and easy to maintain
- IP44 rated for safe use in the bathroom

Slide Single Door Cabinet

A high quality hand painted finish which perfectly complements your Lansdown furniture.

A corner post enables panels to be adapted for use with 1800 x 800mm or 1700 x 750mm baths (as shown in the diagrams).

Manufactured from MDF & solid timber; hand painted finish, supplied in 1700mm & 700mm(l) corner post available, plinth enables height adjustment between 450 - 590mm.

Lansdown Bath Panels	
Linen White	
1700mm - LANP1.LW	£173.50
700mm - LANP2.LW	£96.20
Corner Post - LANCPLW	£54.00
Pebble Grey	
1700mm - LANP1.PG	£173.50
700mm - LANP2.PG	£96.20
Corner Post - LANCPPG	£54.00
Matt Dark Grey	
1700mm - LANP1.DGM	£173.50
700mm - LANP2.DGM	£96.20
Corner Post - LANCRDGM	£54.00

02

Milton Isocore
Milton bath panels are manufactured from Isocore, a 100% waterproof material. Available in a selection of sizes. Bath panel 515mm height including 5mm lip.

Milton Bath Panels	
Gloss White	
1500mm - O322	£74.30
1600mm - O323	£74.30
1700mm - O313	£87.80
700mm - O317	£47.20

03

Meridian Isocore
The white Meridian plain panels are simple and stylish and offer great value for money.

Meridian bath panels are manufactured from Isocore, a 100% waterproof material.

A coordinating Meridian toilet seat is available, see page 237 for further details. Bath panel height 520mm.

Meridian Bath Panels	
White Plain	
1700mm - MPP3WISO	£83.00
700mm - MPP3EWISO	£42.70

04

Levant
The white Levant bath panels benefit from a water resistant and hygienic polyurethane finish. These simple panels are supplied with an adjustable 140mm gloss white plinth. Bath plinth enables height adjustment between 455 - 595mm.

Levant Bath Panels	
White Plain	
1700mm - LPPL17W	£81.40
700mm - LPPL7W	£50.90
750mm - LPPL75W	£55.60

WC SEATS

SAFETY IN THE BATHROOM

Mirrors Technical Information

Tavistock illuminated mirrors have been designed and tested for compliance to electrical equipment (safety) regulations.

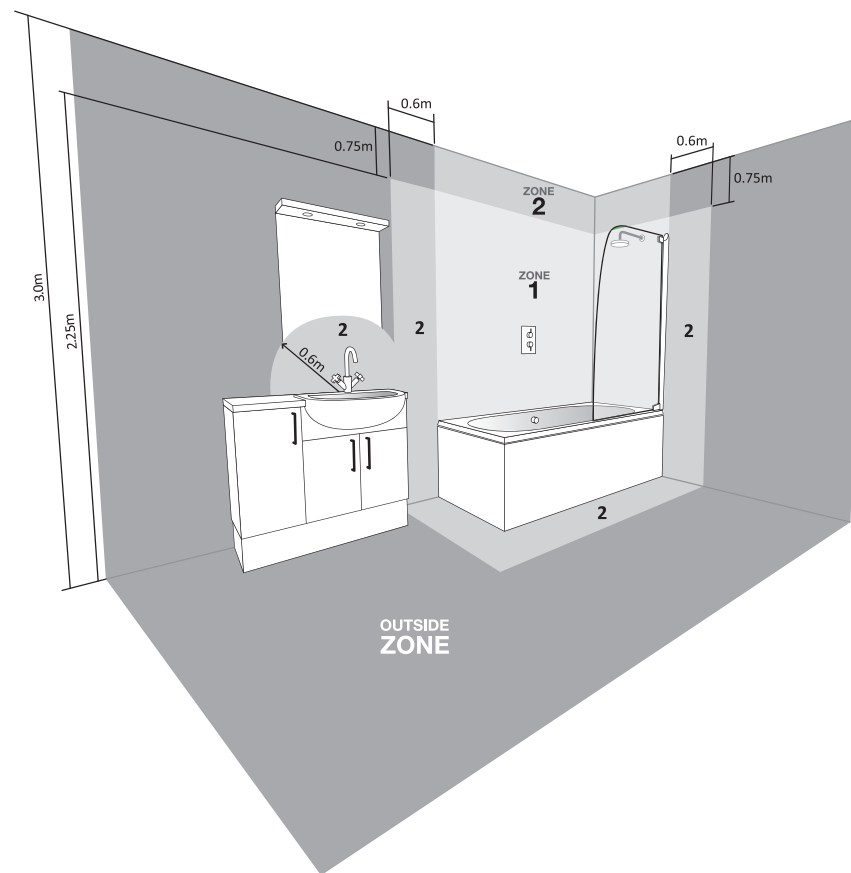

All electrical connections should be made according to the latest national wiring regulations. Illuminated mirrors are suitable for installation in the bathroom within outside zones unless stated. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Illuminated mirrors are not suitable for installation in saunas, steam rooms, shower cubicles or above a bath tub. Products are only suitable for permanent installation. Installation by a suitably qualified electrician is required.

Cabinets - Electrics

Our illuminated cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. They are only suitable for use outside zones 1 & 2 according to the latest IEE regulations. All cabinets are class I insulated and require an earth connection.

Infrared Sensor

All mirrors or cabinets featuring infrared technology must ensure that the sensor is mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function.

ZONE 1

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash proof).

ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

USEFUL INFORMATION

GUARANTEES

Giving you complete piece of mind

At Tavistock we are extremely proud of our products and our confidence in their quality is such that we offer extended guarantees on many of them, including a 10 year guarantee on all furniture and taps plus a 20 year guarantee on all basins and WCs.

All products are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure.

Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive. All dimensions are approximate and are quoted within reasonable tolerances.

WEBSITE & BROCHURES

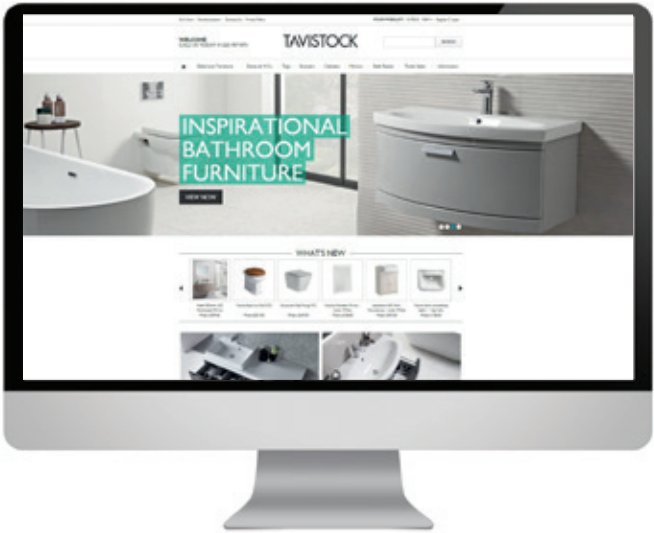

The Tavistock Collection

For more on our complete Tavistock product offering, please visit our website where you can view detailed information and electronic copies of our most recent brochures, which include:

- Tavistock Bathroom Directory
- Tavistock Classic Collection
- Fitted Furniture Collection

Be sure to visit our 2019 look book to inspire your next bathroom design.
