Design, Create, Inspire

Bathrooms from Tavistock

All Tavistock products are designed at our offices in the beautiful spa city of Bath. From here we control every stage of the product life cycle.

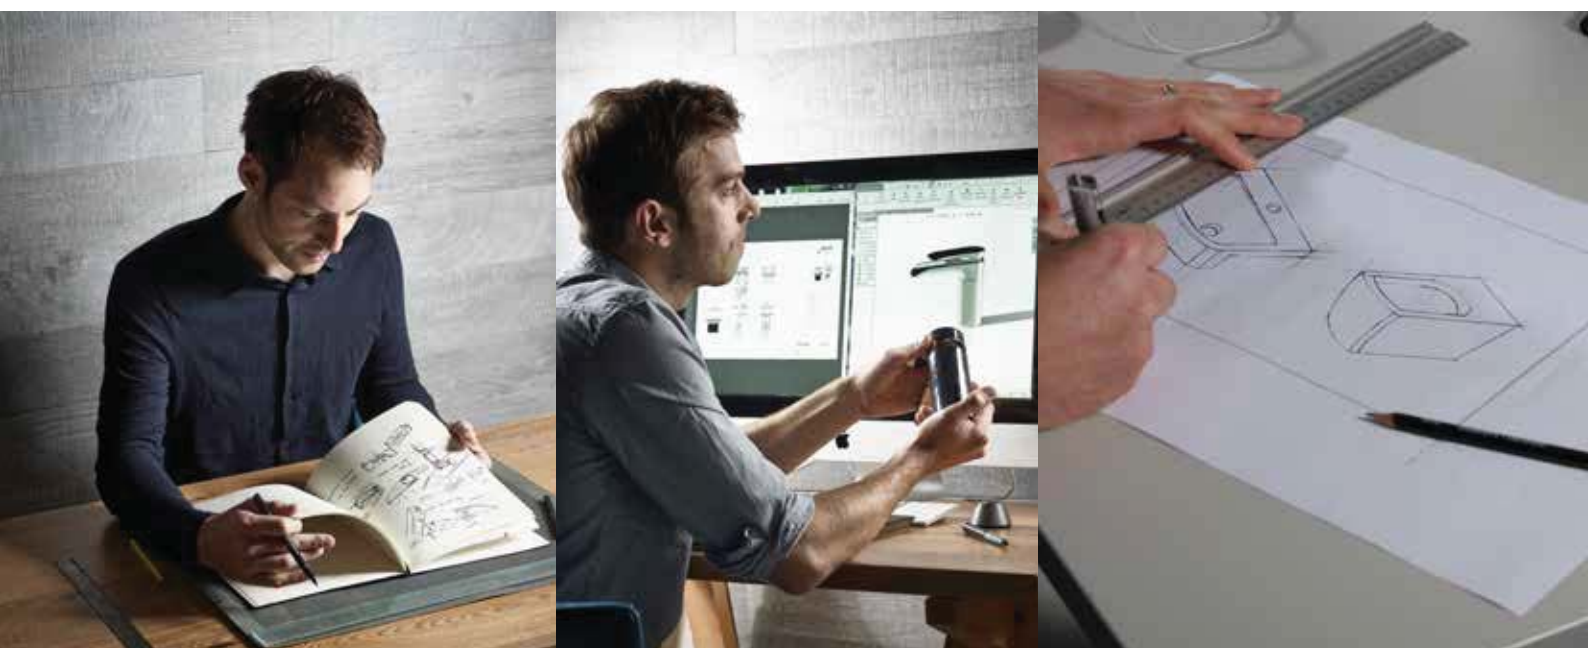

We're not just about bathroom furniture - we offer a one stop shop as our extensive range of product also includes sanitaryware, taps and showers as well as cloakroom solutions. For those finishing touches we've got a great choice of mirrors, cabinets, toilet seats and bath panels. Perfect for an instant bathroom revamp.

Our highly experienced team of researchers, developers and technical experts are constantly monitoring new trends and rigorously testing advancements in technology.

With Tavistock, you can count on the highest levels of service and reliability, but what makes us special is our in-house design team. Excellent design is of the utmost importance to us, so we design all of our products in-house to ensure our perspective remains

fresh and innovative. We source outstanding quality materials and craftsmanship so that every Tavistock product not only looks good but fulfils its purpose, time after time.

With extensive guarantees across our entire range, you can choose every Tavistock product with complete and utter confidence.

FURNITURE

Show your bathroom some love. Create a warm, welcoming space with our beautifully crafted furniture. It isn't just about clearing away the clutter - the right furniture will define your bathroom. Whether you prefer the modernity of gloss grey, the gleam of high gloss white, or the warmth of a real wood finish, you'll find a style that is right for you. Look out for special touches such as soft close doors or drawers and integrated handles.

The Forum Collection

With its modern lines Forum brings organised style to any bathroom. Wall mounted units with bespoke colour matched handles, adjustable glass drawer dividers & a thin edged ceramic basin create the ultimate contemporary design, look & feel.

FORUM

FEATURES

Basin Unit

Forum wall mounted drawer units are a space efficient 420mm deep and include a coordinating colour matched handle (chrome option also available). Available in three sizes and three modern painted finishes of clay, white and light grey and featuring soft close drawers with an internal LED light. The internal glass dividers can be adjusted to suit a number of configurations which, along with non-slip mat and fully extending drawer runners, make for very practical storage.

Forum's thin edged ceramic basin has a deep generous wash space and a single tap hole.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Lansdown Collection

Bring back classic style with Lansdown. Traditional 5 piece doors, grooved side panels & a muted palette of hand painted finishes all contribute to the timeless feel.

LANSDOWN

FEATURES

Basin Units

A wide choice of freestanding basin units are suitable for cloakrooms or family bathrooms. All units are hand painted and feature a solid wood frame with 5 piece doors and tongue and groove feature side panels.

The flat fronted ceramic basins complement the classic styling of the Lansdown range.

There is also a semi-countertop basin unit which allows Lansdown to be assembled in a run with a worktop for a more 'fitted' furniture look.

Coordinating Units & Bath Panels

Back to wall and storage units, a choice of mirrors and bath panels complete this beautifully understated range.

Soft Close Doors

Lansdown units feature soft close drawers and doors to give a quiet and controlled closure.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques. Such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Match Collection

If it's a sleek minimal solution for a small space you need, then look no further than Match. A basin unit cleverly paired with a back to wall unit, topped by an isocast basin with integrated worktop for a seamless contemporary look.

MATCH

FEATURES

Unit

A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit. Available in two contemporary cross-cut style textured wood finishes as well as a choice of clay or gloss white, it is set off by touches of chrome on the discreet door handles and toilet panel trim. Installation is very easy, with no cutting required to fit the basin. We recommend use of the Tavistock Vortex cistern (see page 126).

Isocast Basin with Integrated Worktop

At just one metre long, the Match basin with integrated worktop area is extremely practical. It is manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. A depth of 380mm makes it very space efficient and it is available either left or right-handed to suit your room layout.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Courier Collection

This sleek range is the ultimate in streamlined simplicity. Available in wood or white finishes, this versatile range can be used with standard ceramic basins or for a more contemporary look opt for an isocast basin with integrated worktop.

COURIER

FEATURES

Basin Options

For a seamless contemporary look why not finish your Courier bathroom furniture with an isocast basin and integrated worktop. These modern basins are extremely durable and practical, with a tough, easy-clean, glossy finish.

Alternatively use with a conventional semi-countertop basin and laminate worktop. See page 121 for the full range of semi-countertop basins and overleaf on page 55 for laminate worktops, available in three lengths and two finishes.

Floor Cupboard

The Courier floor cupboard is fitted with attractive chrome handle and benefits from a reversible door to allow for left or right handed opening.

Easy Installation

Courier back to wall WC and semi-countertop basin units benefit from removable fascias and plumbing voids for easy installation.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

CLOAKROOMS

When it's time for a change, small rooms require big thinking. We have handpicked these ranges, with a selection of compact wall mounted or freestanding units, in a choice of classic and contemporary designs, to maximise on space and deliver on style. Look out for special touches such as soft close doors and stylish handles.

SEQUENCE

The Sequence Collection

If you are looking for something stylish and compact then Sequence is sure to fit the bill. Specifically designed for cloakrooms it comes in three modern gloss paint finishes for an up-to-date look and feel without compromising on style in small spaces.

Basin Unit

The freestanding unit comes in three high gloss painted finishes of clay, light grey and white. The soft close door is topped with a discreet chrome handle.

Wash Basin

At a compact 450mm width, the Sequence ceramic basin fits neatly on top of the unit. It has a stylish curve to allow for a corner mounted tap, maximising the available wash space.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

BASINS & WCS

Clean lines, sleek surfaces, forward looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall and semi-countertop options, suitable for use with bathroom furniture.

ORBIT

The Orbit Collection

The contemporary smooth, rounded styling of Orbit is bound to pull you in. A hygienic rimless WC design with Easi-clean technology adds to its stellar appeal.

Wash Basin

The extra thin edged basin design with 1 tap hole for monobloc mixers offers a generous wash space. It can be used with a coordinating pedestal or, for a more contemporary look, wall hung with a simple chrome bottle trap.

WCs

The Orbit fully enclosed close coupled WC is sure to become a design classic, with its rounded contemporary styling. Also available in back to wall or wall hung versions, they all feature Easi-clean rimless technology which makes it exceptionally hygienic and easy to clean. The short projection designs make Orbit a great choice where space is tight.

Soft Close WC Seats

Orbit WCs have a low profile high quality thermoset wrap over seat fitted with a soft close mechanism with top fix hinges for easy removal and cleaning.

AGENDA

The Agenda Collection

Set the Agenda for an elegant contemporary bathroom with a definite designer edge. With a choice of widths in 600, 700 and 800mm
 Agenda's stunning basin will make a real style statement

Wash Basins

The Agenda basin is available in 600, 700 and 800mm widths. Its slim generous design and rounded corners make it a real style statement. It can be pedestal mounted or wall hung with a semi-pedestal or chrome bottle trap for an ultra contemporary look. Two semi-countertop basins are available for use with either standard or slim depth furniture.

WCs

The Agenda close coupled WC is very sleek and smooth. Its fully enclosed back to wall design makes it as nice to look at as it is easy to clean. A back to wall WC continues the contemporary styling for concealed cisterns.

WC Seats

There are two styles of seat, both made from quality thermoset plastic with soft close hinges. Both are quick release, with a simple push and lift to remove action, for

easy cleaning. Choose either the wrap over style or the slim design seat to give a discreet contemporary finish to the WC.

Cisterns

The close coupled cistern has a water-saving 6/3L flush.

ION

The lon Collection

Geometric styling comes to the fore with this range. lon's square basin & short projection D-shaped WC pans make it a modern classic which works extremely well in smaller bathrooms.

Basin & Pedestal

The square-shaped basin features a spacious wash area and central tap hole. It can be used with its coordinating pedestal or, for a more contemporary look, wall hung with a simple chrome bottle trap.

WCs

The Ion range has a whole host of WC options including close coupled, back to wall, wall hung and fully enclosed close coupled. Additionally, a comfort height WC, several centimetres taller than a standard WC, helps reduce the burden on those tired legs.

Soft Close WC Seats

The Ion wrap over design toilet seat complements this curvaceous yet angular range and features soft close hinges to ensure controlled, quiet closure. Made from highly durable thermoset plastic with UV protection to prevent discolouration, it also features quick release, corrosion free top fix hinges for easy installation and removal for cleaning.

Q60

The Q60 Collection

A versatile range of sanitaryware which will look great in any bathroom & includes short projection items - perfect for where space is at a premium

Wash Basin

The Q60 570mm basin can be mounted on its matching pedestal or on top of Q60 furniture. Alternatively the basin can be wall mounted with a chrome bottle trap. At 395mm in depth it's perfect for smaller bathrooms and en-suites.

The semi-countertop basin options come in standard and slim depth, for use with furniture.

WCs

The short projection close coupled and back to wall WCs in our Q60 range are also ideal where space is at a premium. A comfort height WC option, several centimetres taller than a standard WC, helps reduce the burden on those tired legs.

Soft Close WC Seats

The Q60 thermoset toilet seat features soft close hinges for quiet closure of the seat and ring, whilst the top fix mechanism allows for ease of installation.

MICRA

The Micra Collection

Small but perfectly formed Micra is designed for the smaller bathroom, cloakroom or en-suite. Flexibility is the key here, with an extensive range of sanitaryware with clever space saving ideas.

FEATURES

Wash Basins

Choose from a variety of basins including several suitable for smaller bathrooms or cloakrooms. Alternatively opt for a semi-countertop basin with bathroom furniture.

Both 565mm and 450mm basins are available in 1 or 2 tap hole configurations and can be used on a pedestal or wall mounted.

A semi pedestal is available for the 565mm 1 or 2 tap hole basins when a wall hung look is desired.

Comfort Height WC

Sitting 70mm higher than a standard toilet, the Micra close coupled and back to wall WCs are extra comfy to use.

Short Projection WCs

The short projection close coupled and back to wall WCs in our Micra range are ideal where space is at a premium.

Soft Close WC Seats

Micra WCs have a choice of two toilet seats. The Micra soft close thermoset seat option features soft close hinges for quiet closure of

the seat and ring, with a neat quick release function for easy cleaning, whilst the top fix mechanism allows for ease of installation. If you prefer a wrap over style seat, try the Ion seat, see page 105.

Cisterns

Compatible concealed cisterns and frames for your Micra back to wall and wall hung WC can be found on page 126.

Contactless Dual Flush Sensor

The contactless flush sensor kit is compatible with all pneumatic concealed cisterns from Tavistock. It provides a touchless flush, with just a wave of a hand.

Contactless Dual Flush Remote Sensor Kit

Use with concealed cisterns

Sensor	CSFK	£99.00
--------	------	--------

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. When the user waves their hand in front of the sensor it will initiate the flush. A short wave activates the reduced flush of the cistern, whilst holding your hand up slightly longer triggers a full flush. The sensor is powered by 4 AA batteries which will last for approximately 1 year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia or under a worktop or tiled wall where the cistern is located. A discreet black decal is included to stick on the front of the fascia or tiled surface to indicate sensor location if desired.

TAPS

Taps are no longer just a minor detail. They're the finishing touch, lifting your bathroom from the mundane to the truly special. The right taps must combine the two key ingredients of design and functionality - in short, they must look good and they must work well. With that in mind, we have designed a collection of taps which really shine.

WASTES & TRAPS

Our tap ranges are perfectly complemented by our stylish and modern chrome plated bottle trap and collection of wastes. All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

Taps supplied with a pop-up waste include a waste outlet, pop-up rod and lifting mechanism. Please note that Adapt, Tier, Revive, Solace, Strike, Lift, Blaze, Siren, Index and Logic mini and basin mixers are supplied with a click waste. For taps supplied without pop-up wastes, we have a few waste options as shown. Unslotted wastes are for use where no integral overflow is required in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

DESIGN DETAIL

Tap Operating Pressure

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems which are most commonly found in older properties.

European manufacturers tend to design taps suitable for more modern plumbing systems which can often cause problems when installed in a typical UK home, resulting in a disappointing flow rate when using the taps.

Tavistock's in-house design team have recognised this problem and engineered our taps so that all of them are suitable for use with both high and low pressure systems. Most of our taps operate at 0.1 bar or above (0.1 bar is equal to 1 metre head of water). In plumbing terms this means, for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1 bar of water pressure at the tap.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, and again either your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

SHOWERS

At Tavistock, good design without great functionality just won't wash. That's why our range of thermostatic showers is designed to give you the best showering experience. They come with everything you need for quick and easy installation and have been built to last. They're great value too so you don't have to splash out.

The Varsity Collection

When aiming for a more period look, select one of our traditional Varsity shower systems to add just the right finishing touch.

MIRRORS

FEATURES

Bluetooth® Wireless Technology

Integrate music seamlessly into your bathroom with an LED illuminated mirror with **Bluetooth®** wireless technology

Heated Demister Pads

Heated demister pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

Tapered Body

Our mirrors with a tapered body profile have an elegant slimline look which makes them appear to float on the wall.

LED Lighting

We use latest LED technology in many of our mirrors to great effect. This not only looks stunning but provides a bright, practical task light with energy saving benefits.

Recharging Socket

An integrated recharging socket, suitable for electric shavers and toothbrushes.

Magnifying Glass

A useful illuminated magnifying mirror, which magnifies objects to double their size, is great for shaving and applying make-up.

Infrared On/off Switch

A safe and easy to use infrared on/off switch lets you activate lighting without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

Important: When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

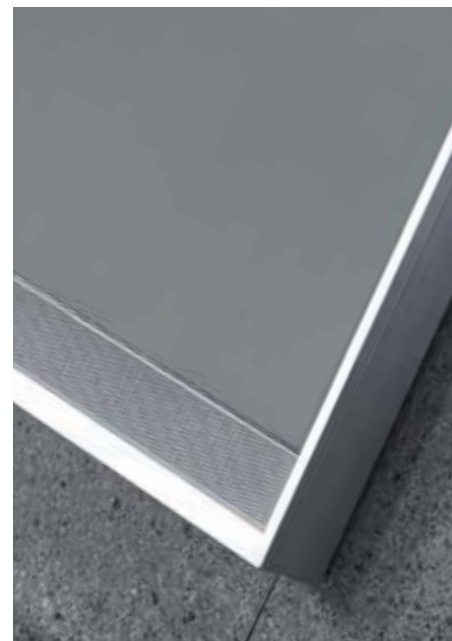

Ambient Lighting

For additional mood lighting in the bathroom, stunning effects are created with ambient lighting.

IP44

Our mirrors have been designed and independently tested for compliance with electrical equipment (safety) regulations. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Please see the diagram on page 233 for further information.

SAFETY IN THE BATHROOM

Mirrors Technical Information

All mirrors featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor. Tavistock illuminated mirrors have been designed and independently tested for compliance to electrical equipment (safety) regulations.

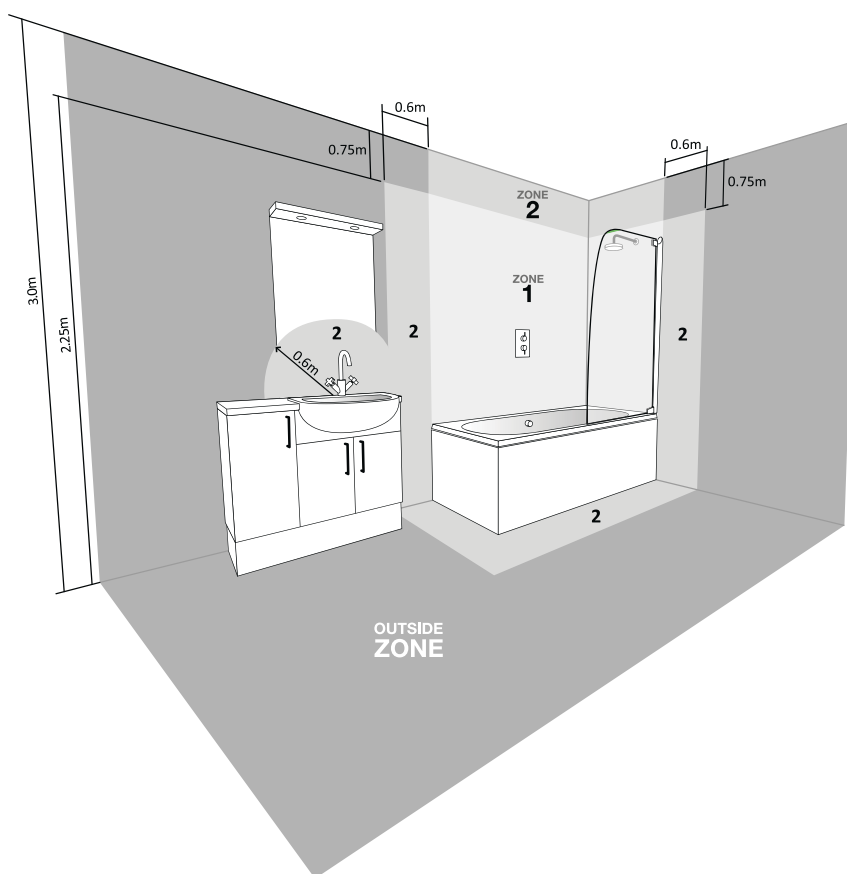

All electrical connections should be made according to the latest national wiring regulations. Illuminated mirrors are suitable for installation in the bathroom within outside zones unless stated. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Illuminated mirrors are not suitable for installation in saunas, steam rooms, shower cubicles or above a bath tub. Products are only suitable for permanent installation. Installation by a suitably qualified electrician is required.

Cabinets - Electrics

Our illuminated cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. Idea cabinets are only suitable for use outside zones 1 & 2 according to the latest IEE regulations. All Idea cabinets are class I insulated and require an earth connection.

Infrared Sensor

All mirrors or cabinets featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor.

ZONE 1

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash proof).

ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

QUALITY & SERVICE

Exceptional service is as integral to our business as outstanding product, design and manufacturing. We invest heavily in product improvement and reserve the right to amend specifications at any time if an opportunity to further improve the product occurs to ensure complete customer satisfaction.

GUARANTEES

All product are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure. Guarantees are for domestic use only and are not transferable.

Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive. All dimensions are approximate and are quoted within reasonable tolerances.

PRICING

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of despatch. The prices charged will be those ruling at the date of despatch and Tavistock cannot be held responsible for any errors or omissions to products or prices.
