

A person wearing a light blue and white vertically striped short-sleeved shirt and matching shorts is standing in a modern bathroom. Their right hand is resting on their hip. In the background, a white pedestal sink and a white vanity cabinet are visible against a wall with a geometric, low-poly pattern in shades of grey and white.

ASPEN

TIMELESS appeal and functionality truly combine in this range of high gloss white bathroom furniture. With enhanced features such as soft close furniture and intelligent lighting, make a **STATEMENT** in your bathroom with Aspen's unassuming presence.

ASPEN FEATURES & FINISHES

Base units

All base units are supplied fully assembled and ready to fit. A strong and durable construction is achieved by using the finest manufacturing techniques. All visible exterior surfaces are finished using high gloss white lacquer. This quality finish provides a water resistant surface - vital within a bathroom environment.

Back to wall furniture

Aspen back to wall furniture enables the fitting of back to wall WCs and semi-counter top basins, cleverly concealing pipework and cisterns behind specially designed units.

Mirrors with demister pads

Heated demister pads make steamy bathroom mirrors a thing of the past and are fitted as standard on all mirrors with electrics.

Lighting

Aspen lighting canopies are fitted with low voltage halogen lamps which meet all applicable British Electrical Standards. A safe and

easy to use infrared switch lets you activate the lighting by simply moving your hand under the sensor.

Laminate worktops, plinths & infill panels

Worktops and infill panels provide the flexibility to suit your own bathroom installation. Plinths are available in lengths of 920mm and 1540mm to complete the fitted look. These can be cut down so that any joints are carefully hidden behind the back to wall WC.

MERIDIAN

SUBLIMELY SIMPLE and fully flexible. Opt for the pared down design of the Meridian high gloss white finish. Express your own style with stand alone units or a sleek fitted installation uniting the space as a **SEAMLESS** whole.

MERIDIAN FEATURES & FINISHES

Vanity freestanding units

The Meridian base unit doors and fascias are manufactured from robust MDF in a high gloss white finish. All units are supplied fully assembled for ease of installation with a stylish chrome door knob on the unit. The corresponding ceramic slab-top style basins complement the clean lines of the units.

WC back to wall units

The 500mm back to wall unit cleverly conceals unsightly pipe work. This can either be used as a stand alone item or alternatively form a run of furniture by butting it alongside any of the other base units to create a fully coordinated room setting.

Worktops, plinths & infill panels

Meridian worktops are available in 504mm or 804mm lengths, depending on your installation requirements. The 300mm floor cupboard is supplied complete with worktop and all base units are

supplied with corresponding plinths. Should you decide to create a run of furniture, a 1220mm plinth is available. A 300mm infill panel helps fill any awkward gaps.

10 year guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques and such is our confidence that we can offer a 10 year guarantee on all furniture units.
