

OXYGEN|8

INSPIRING

SHOWER ENCLOSURES

The OXYGEN|8 range from Tavistock breathes life into your daily routine. Treat yourself to one of our contemporary designer enclosures or wet room style glass panels – it is the perfect way to start or finish your day.

The range is characterised by quality, superb attention to detail and well considered design features to give you an invigorating and refreshing showering experience.

SLIDING

DOOR QUADRANT

Perfectly proportioned in a choice of two sizes, the sliding door quadrant offers a true style statement. The combination of great functionality and space saving design makes them ideal for corner installations. The sliding door quadrant is available as a single or double door option.

These enclosures come with a Lifetime Guarantee covering all manufacturing defects | Guardshield glass protection coating as standard | 8mm toughened safety glass | Brass and stainless steel rollers with a quick release function allowing the doors to swing away for ease of cleaning | Fully concealed wall fixings with uniquely shaped concave aluminium trim strip | Wall profiles give a maximum of 40mm adjustment 20mm each side, for out of true walls | The single door option can be fitted to open from the left or right.

WALK-IN

PANELS & ENCLOSURES

For the ultimate in minimalist design, opt for a walk-in shower enclosure. They can be used with or without end panels to create a spacious, sleek look. The seamless glass panel creates a clean uncluttered line and can be used either with our low profile shower trays in a conventional bathroom, or without in a wetroom installation. This product consists of one glass panel, wall post, stabilising bar and floor bracket.

These enclosures come with a Lifetime Guarantee covering all manufacturing defects | Guardshield glass protection coating as standard | 8mm Toughened safety glass | Fully concealed wall fixings with uniquely shaped concave aluminium trim strip.

AVAILABLE SIZE FORMATS

Walk-in panels available in 3 sizes
(See table below)
